PERLUKAH "DO IT YOURSELF"

Dalam scene Hc/Punk masalah perlukah 100% DIY adalah salah satu masalah yang sukar untuk ditangani. Biapun ianya sukar untuk diatasi terdapat beberapa manusia yang masin berjuang untuk menyedarkan sesiapa sahaja yang telah lan dan elika yang sebenar. Sesetengah golongan Hc/Punk menganggap bahawa DIY atau Do It Yourself tidak diperlukan dalam perjuangan yang sebenar. Hal ini berlaku kerana mereka beranggapan jika perlunya DIY, mengapa masih ada lagi manusia mengaku dirinya DIY namun menggunakan pakaian yang dikeluarkan oleh multinasional? Mereka menyatakan lagi jika mahu 100% DIY buatlah baju, kasut, dan seluar sendiri barulah dipanggil DIY. Pada pendapat saya orang yang berpendapat sedemikian bukanlah seorang Hc/Punk yang sejati. Mungkin lebih suka terhadap cara hidup trendy dan fashion-style. Benda macam inilah yang menambahkan bilangan trendy dalam scene u/g di Malaysia. Sebenamva memang 100% DIY mustahil dalam hidup kita inilah dengan mengamalkan cara hidup orang kunc. Maksudnya di sini kalau boleh kita cuba untuk menDIYkan diri tidak kira berapa peratus pun asalkan masih ada niat untuk menDIYkan dalam diri. Barulah dipanggil Do It Yourself. Contoh yang boleh membuktikan yang seseorang itu bemiati untuk DIY adalah dengan membuka label sendiri seperti membuka distro. Saya juga cukup kagum dan bangga dengan semua distro yang terdapat di Malaysia kerana mereka tidak mementingkan keuntungan semata-mata dan mereka hanya bertujuan untuk menyebarkan staff yang dirilis kepada u/g agar dapat dijadikan idea untuk memajukan scene u/g di Malaysia. Malah dengan adanya DIY dalam diri seseorang itu pembaziran dapat dikurangkan sekaligus kegiatan multinasional di negara ini akan terhapus. Akhir sekali cubalah untuk mengurangkan penggunaan barang-barang yang dihasilkan oleh multinasional yang mementingkan diri sendiri supaya dapat merealisasikan perjuangan kita selama ini.

SUPPORT YOUR TRUE DIY SCENE.

Specific Heat Zine

O.N.E SPELLS UNITY...

UNITY. I'm sure everyone of us has argued about this term. Nope. I'm not about to preach about how we should achieve unity in our scene. You know, about how we should forgoe our little differences in music culture, religion or ideology. This will be just a short note on what I think of it. I know no matter who you are, where you're from, we're still the same. We breathe the same air. Music has sub-divided into many different categories. It's the same religion. I'm not gonna decide & say that it all started with so-&-so music or religion. Take it this way, in one way or another, in your beliefs...all of this has to start somewhere. It started wif one thing & it spread and become divided due to everyone's own preferences & taster. Well, I know & have always believed everything good/bad happens for a reason. so, I am not disturbed upon ongoing arguments on who's right or wrong. All I know is we all come from ONE mind, ONE heart & have the same goal, to live & be happy at whatever we are doing. so kick off your shoes, lean back & enjoy. We come from ONE & ONE spells unity.....

specific heat zine

The name of Shikin might ring a bell to you guys... yep! This girl from lion city is the editor of 'specific heat' zine. Not to waste time here, let us read just what she has to react on my questions.

Tell us about how 'specific heat' gets started...

Weil, shikin & shi were long time friends (ever since primary school) and we went to different secondary schools only to end up in the same class during our studies at Temasek Polytechnic. We shared a passion for writing, art & music. We hung out pretty much and discovered local zines like Adge (local skater-punk rock kick ass zine) & Bigot (controversial yet yummy punk-rock stuff). We've always thought of compiling all our writings & art works into a booklet of some form. Then, we decided on making a zine. We got excited and decided on the type of zine we'd like to make & what we'd put in. Out of common interest, we decided there and then it would be a girlie-punk-rockish-skateboarding-yet-personal-type of zine.

Where did you get this zine's name?

The name 'specific heat' wasn't our first choice. We thought of 'punk joose' and then we thought, "nope, we don't want people to think that we're so into punk or whatever" cos we had decided the zine would be for everyone in the scene. So we thought of a more neutral name - 'Pun Joose'. Kinda weird.

We're thinking of a better name during a lecture of mechanical engineering when all of the sudden the lecturer's voice just boomed & he said "... the specific heat capacity of blah blah..." and then it just struck me & we fell in love with the name since then.

The first punk rock band you like.. what year?

It would have to be NOFX in the year 1996. 1996 was the year I got "punk rock enlightenment".

The kind of music you are currently listening to?

Right now I'm very into well grind, fast core kind stuff. I think that Walls Of Jericho is great & so I wish I could scream like the vocals. I love Spitboy too! However, I've been in a mellow mood these days so I've been listening to a lot of Fiona Apple & Placebo.

What are the main messages Specific Heat want to shout?

"Live life to the fullest & to depend and trust to no one but yourself? And pain is great?"

Apart from making a fanzine, you also play in a band called Janicide. Tell us about the history of the bans & current line-up?

Janicide is basically an extension of the zine effort. Again shi and I decided we wanted to play in a girl band, so we looked for people. Shi plays bass, while I play the guitar. So we had to look for a drummer & that's when we met our then drummer Yuana in school. She's a great girl, very into hippy culture & Led Zep, and all those groove stuff. I dunno what happened but sometimes at the end of '97 we started to look for another guitarist and then we found Azia. We stuck around for a few months as a 4-piece. Well things changed as time changes people. Azia left us. So we were back to the 3 of us for a while. Things still didn't work out, Shi & I ended up to where we started - the 2 of us.

Then Watie joined as drummer, followed by Iza, our guitarist. Only after we reformed with this new line-up that we managed to write songs & get serious. We all sing & we write all songs together.

What kind of music Janicide plays & where did you pop this name out?

I guess the type of music we play is not & shouldn't be an issue/question. Seriously we don't know what type of music we play but friends describe it as punk rock. We think that we're just being us. The name Janicide was

2

actually a nick I used when I chat on the internet. It has got nothing to do with the word 'genocide'. I was thinking if a girl but a strong name & I came up with Janicide as my nick. before I decided to use it as a band name after we couldn't look for a proper name.

What band influenced Janicide all the times?

We all started off with good ol' Bikini Kill.

Has Janicide ever played in a gig? Where & which is the best?

We played at the recent Ready Set Go gig aka Grrrl Fest at Youth Park, august 5th 2000. it was our first gig so I guess for the moment it's our best gig (laughs).

What is the best place to visit & beautiful in Singapore?

I'm not so sure but I guess I'd recommend them to check out more exotic places that can be found up north. Check out Seletar Reservoir or Jurong Pier or the Lighthouse at Seletar (I think). The best of Singapore is found in its ever decreasing nature trails & not in the commercial pockets with the likes of Orchard Road/amusement parks.

Women love flowers, pick one you favor.

I dunno, I'm not the kind who'd go "ooooohh flowers!!!" when I see some. I love all kinds of flowers. I guess they're all pretty. However black tulips are really lovely.

The feedback of the scenesters on Specific Heat's website?

I'm not sure cos most of the people who come to my website are my friends who often come in to read my journal to check up on me & what I've been doing.

LCHC scene has been expanding nowadays, how's communication between you guys? Any outstanding HC bands?

I'd have to take a rain check in this question due to my involvement in school in the past year, besides feeling jaded, old & hopeless about the local scene. I have detached myself from the scene entirely and sad to say... I dunno anything about the developments of the scene here in Singapore. So please don't ask me for scene reports cos I dunno anything.

What's your future plan? Are all your dreams of life have been achieved?

I'd like to be in publishing business & produce a quality newspaper or magazine from us kids for the kids cos I think the adults here meddle too much with our lives & screw us up only to point their fingers at us each time their plans back fire. We're never good enough & they've never understand & supportive enough. I think it's about time we put a stop to their discrimination towards us

talented kids. Stop calling me a kid, dancer & artists juveniles.

Well, the above might be a little far-fetched but it's my dream. A state outside dream to be achieved would be to become a professional web designer.

Cita2 dim menempuhi hidup? Dah tercapai? Hmmm yg ada tu dahlah ada tu belum. Syikin ingin menjadi orang yg bahagia di dunia & akhirat. I hope to be a better person, a happier person both emotionally/mentally as well as spiritually.

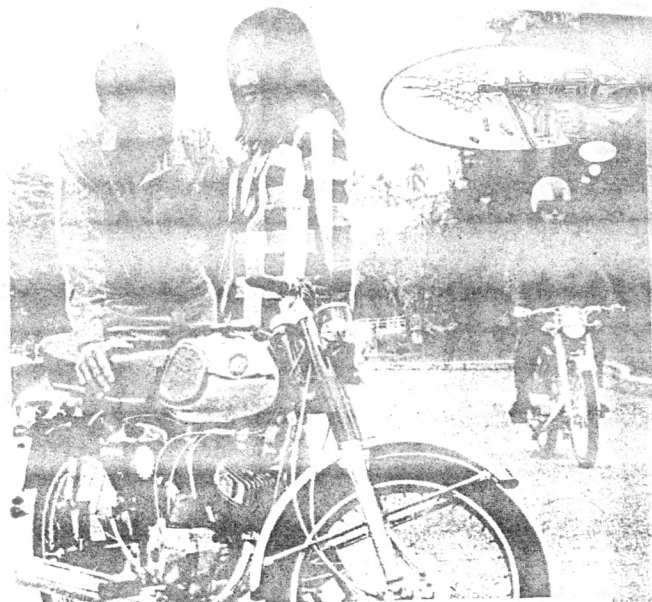

Last words? Anything for The Core System?

I'd like to announce my decision to stop producing Specific Heat zine & the distro will remain closed forever. However, I might have plans to make a new zine & distro so watch out for it. You could e-mail me at janicide@yahoo.com or visit these websites; <http://i.am/SpecHeat> or the other one <http://www.geocities.com/janicide>. I'd like to thank, first & foremost, to everybody at The Core system especially azrin for being supportive of Specific Heat zine & me. I think you guys are doing a good job with the zine. All my love & thanks to my readers & friends all over the world. Thank you for being a part of my life.

That's all the we have guys for this interview, feel free to visit those websites and be good!

Jaded -syikin (this piece is actually a self-portrait, capturing probably one of my jaded moods. It is actually done in colour...unfortunately you can't see it here...check it out on my website tho! > <http://i.am/SpecHeat>)

THE TRUE MEANING OF LIFE.....

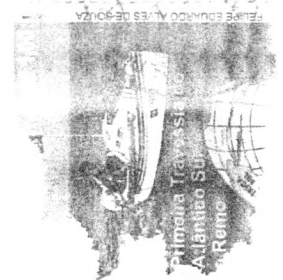

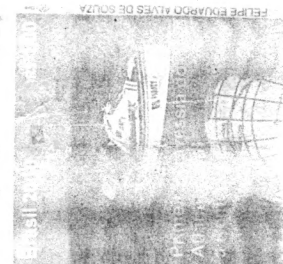

in the fast moving and materialistic world of ours, we often forget the true meaning of life. we are often influenced by the pseudo meaning of life as reflected in our constant chase for more money, bigger cars, more luxurious houses and more fanciful material collections.

as a result, we have less time for friends, families, the less fortunate and even for ourselves. we seem to have substituted all the things that really matter in this world for material. we alth. the search for the true meaning of life has taken a back seat, as our pursuit of wealth intensifies.

the true meaning of life cannot possibly be so superficial in nature. all the money and artificial decorations of this world will not provide the real meaning of life. man will not find the true meaning of life outside himself. I believe the search for the true meaning of life comes from within. to begin this journey, we must begin with our heart.

friendship, love, caring and kind deeds are what really provide the true meaning of life. we must all remember that our tenacity in this world is short and temporary. all the material things and wealth we build over a lifetime have no meaning the day we leave them all behind. real happiness can be attained through helping others deepen the meaning of their lives with our helpful, caring and love ways. that's all that I wanna say here. hope you can catch some meaning from my words. ok. stay true to your ethics...see you again. another beautiful day in kampung senin, parit...

sadis zine

HERE IS THE INTERVIEW I DID WITH
SADIS ZINE. BOTH OF THE EDITOR -
abira and effizzul (ejoi) - ARE HAPPY
TO ANSWER ALL THE QUESTIONS...
START READING!!

First, storykan pasal sejarah awal zine SADIS ni.

ABIRA>zine ni pd awalnya diusahakan oleh aku seorang. Idea utk menerbitkan zine ni berlaku dgn tak sengaja di mana aku sepatutnya membantu seorang sahabat yang ingin mengeluarkan sebuah mini-zine, disebabkan beliau tak dapat memberikan komitmen, di samping aku yg berjaya mengumpul banyak maklumat, beliau telah menyerahkan usaha tersebut kpd aku. Nama sadis zine ni pun lahir secara spontan hasil perbincangan aku dgn sahabat itu tadi. Namun, tiada makna tersirat di sebalik SADIS, Cuma kami hanya mahukan satu nama yg ringkas. Buat masa ni 2 issue telah dikeluarkan iaitu sadis #1 pd february 1999 dan terbaru sadis #2 pd march 2000. bagaimanapun, bermula dr #2, aku dibantu oleh seorang sahabat baik iaitu ejoi. Kehadiran ejoi memang memberi nafas baru kpd sadis zine dan diharapkan kami akan lebih matang dlm isu2 seterusnya.

EJOI>kalau nak cerita pasal sejarah awal sadis zine ni, aku rasa abira boleh cerita dgn lebih lanjut. Aku hanya menjadi family sadis bila sadis #2 dlm pembikinan. Sewaktu itu abira minta aku involve dgn dia sebab dia tak dapat buat sorang2 semua kerja utk sadis. disebabkan aku seorang yg meminati zine & ingin cuba utk melibatkan diri aku dlm zine, aku lihat tawaran abira sbg peluang keemasan utk aku aktif dlm scene. Di situlah bermulanya penglibatan aku dlm sadis.

Mana dpt nama zine ni & maknanya pd kau?

ABIRA>spt yg dinyatakan di atas.
EJOI>bagi aku sadis itu hanyalah satu nama dan ia tak membawa apa2 maksud tertentu buat aku. tapi aku tak pasti pulak apa pandangan abira ttg nama sadis tu...

Apakah focus & mesej utama pembikinan zine sadis ni?

ABIRA>aku percaya kpd kebebasan dlm menyuarakan pendapat. Oleh itu, sadis zine

tak fokus kpd subjek2 tertentu. Sudah tentu aku mengimpikan sadis zine menjadi bahan bacaan bersifat ilmiah & mampu menjana minda pembaca2nya. Setiap penulisan adalah berteraskan sedikit pengetahuan yg aku ada sambil dipengaruhi keadaan sekeliling spt kehidupan, politik, emosi, social dan sebagainya. Aku mempunyai perspektif sendiri terhadap erti kata zine secara luas. Aku mahu sadis menjadi suatu yg universal tanpa dikongkong oleh idea2 yg kosong, basi & utopia. Aku lebih berminat bercerita ttg reality kehidupan yg berlaku di sekeliling samada kita sedari atau tak.

EJOI>bagi aku, focus utama sadis ialah information, discussion & communication. Aku harap dgn adanya sadis dlm scene di Malaysia, ia dpt memberi maklumat kpd pembaca, bukan hanya isu scene sahaja, malah mengenai isu2 yg lebih umum & lebih memberi impak kpd kehidupan harian kita serta masyarakat amnya. Buat permulaan, kami baru sahaja membuat satu perbincangan mengenai "RAPE" di dlm isu #2. walaupun tidak menepati jangkaan kami, tapi kami berpuashati serta berterima kasih kpd semua yg terlibat dlm perbincangan itu. Di harap di masa hadapan kami dpt menghidangkan pembaca dgn isu2 yg lebih menarik & hangat. Kami juga berharap supaya zine ini dpt menggalakkan pembaca utk berfikir & berbincang mengenai apa yg dibacanya dlm sadis. Bagi aku, perbincangan selepas membaca sesuatu dpt mematangkan kita dlm menilai satu perkara dgn pandangan yg berbeza hasil drpd perbincangan yg telah dijalankan.

Setakat ni dah keluar berapa isu & macamana sambutan dr crowd?

ABIRA>2 isu sudah dikeluarkan setakat ini dan jika dikira ttg sambutan, sukar utk aku katakana. Setakat ini penjualan agak naik, tetapi tak banyak komen2 yg diterima. Tujuan sadis zine dikeluarkan ialah utk menjana minda pembaca2nya. Pembaca yg telah terjana minda mereka sudah pasti mempunyai tindak balas mereka ttg isu2 yg diketengahkan dan memberi komen/pendapat juga merupakan tindakbalas positif bg aku. Jadi di manakah tindakbalas mereka?!! Mungkin inilah kelemahan kami di mana masih belum mampu memberikan bahan yg membina minda sekaligus masih jauh drpd

Muzik jenis apa yg kau paling minati?

ABIRA>secara pribadi, aku lebih gemar kpd muzik old-school HC walaupun aku masih mendengar frame lain.

EJOI>selagi muzik itu sedap didengar aku tak kisah... TAPI aku mementingkan lirik sesebuah lagu yg aku dengar. Kalau liriknya lebih ke arah yg buat kita berfikir, aku lebih meminatinya berbanding lagu2 lain. Tapi, kebiasaannya aku dengar old-school atau post-HC rerum, lirik & iramanya lebih menarik minat aku berbanding muzik lain.

Tolong bagi 5 band favorite kau dim hidup ini...

ABIRA>highscore, vitamin-x, manlitting banner, strength approach & mainstrike

- EJOI>
1. Upright (spirit era!)
 2. Commitment records punya band (vitamin-x, x-men, product-x, fairlight, etc.)
 3. Propagandi
 4. Minor threat
 5. Mainstrike

Macamana dgn scene GPHC pd hari ini & apa produk terbaru dr budak2 sana?

EJOI>aku pun tak boleh nak inform kat kau mengenai scene gopeng sebab aku sekarang ni pun menetap di K.L. setahu aku, tak ada scene pun kat gopeng hanya ada 4-7 org bebudak scene yg sibuk membuat hal2 sendiri.

Band rok mainstream yg paling dibenci serta kenapa.

EJOI>sorry.... aku tak dpt jawab.

Listkan fanzine kesukaan kau yg menjadi idola.

ABIRA>tiada zine yg menjadi idola kpd aku. Tak dinafikan banyak zine yg bagus dibaca terutamanya yg lahir di USA dan eropah. Jadi tak perlulah rasanya aku sebutkan zine2 asing yg baik utk dibaca kerana terlalu banyak. Bagaimanapun, di dlm scene tempatan, berberapa zine nampaknya mampu menjana munda aku spr solidaritas, ganyang & embrace. Zine2 ni benar2 mampu membuatkan aku tersentak dgn penulisan mereka yg kritis & provokatif, tetapi masih lagi bersifat reality & positif. Secara jujur tak banyak zine yg berkualiti wujud dlm scene kita. Mungkin di sebabkan scene kita masih baru. Bagaimanapun, aku masih setia

ni tunggu kemunculan zine tempatan yg bakal menjejutkan munda aku yg masih pasif. Sampai bila??

EJOI>aku lebih berniat membaca zine yg menggabungkan unsur2 HC punk dan social issue. Zine dr UE banyak berkonsep spt ini. Antaranya hedgepodge, contrasence, retrogression & heartattack. Sekiranya dimakin, kami juga mahu sadis menjadi spt itu. Malahan di Malaysia pun, sudah ada zine spt ini contohnya solidaritas. Pendek kata, ada satu zine yg mampu dibuat aku berfikir & mengidamkan aku dgn maklumat, aku minat!!

Aku suka gulai masak tempoyak ikan lampam sungai. Kau punya taste gulai apa?

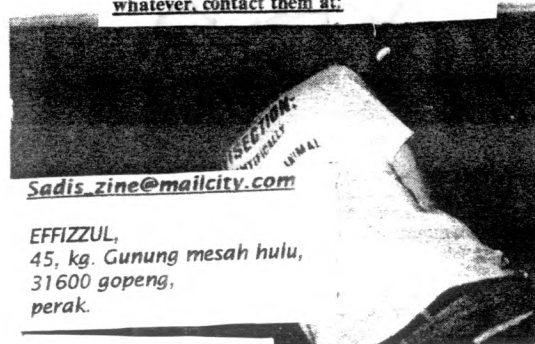

ABIRA>aku boleh bedal apa saja asalkan halal & sedap. Aku tak pilih makan, tapi kalau makan free mesti sedap kan??!!

EJOI>aku suka ikan keli, terutama sekali ikan keli bakar crech air asam atau ikan keli masak lemak. Disedapkan lagi dgn ulam2 kampung & sayur rebus..

Planning terbaru utk memantapkan zine sadis pd masa akan datang?

EJOI>kami akan cuba memantapkan lagi sadis zine dgn memberikan pembaca isi2 menghiburkan, berinformasi dan pd masa sama dpt membuat pembaca berfikir. Di harap pembaca juga dpt memberi idea & komen mereka kpd kami supaya kami dpt memantapkan lagi sadis zine di masa akan datang...

ANTI-SOCIAL U/G PEOPLE COMP. #2

RAIN ON THE PARADE "Body Bag" cd ep
Catorce intensos temas conmdensados en menos de catorce minutos.Suspiros de energia que dejan sin aliento. Letras llenas de ironia que juzgan, denuncian y toman postura. Is it possible to play traditional hardcore with a strong personality and distinction?

VISION OF DISORDER "Still" cd ep
Sus comienzos demostrando quien parte mejor costillas. Their U.S. debut with one bonus track and different artwork. Almost 30 minutes of powerful hc.

REDSHIFT "Nameless" cd ep
Crudo y duro. Como todo comienzo debiera ser. Their rough debut.

Fight Cars, Not Bikes! - COMPILATION

I like Voice Of Hate, Battle Of Disarm, Hocu? Necu?. This is a diy co-production with Libertad O Muerte! (LOM) and Gulteltier tapes. Good product!!

homegrown

Homegrown is another label that hails from Singapore. Frontman Faisal did answer all the answers and I am glad about it. Read now...

Hallo everybody at homegrown! Tell me about the history of this label? Homegrown started out as FLAMMABLE TAPES in '94 & had put out 3 split tapes before I changed the name to homegrown. All previous releases are out of print but Eddie of Forum is duplicating it, so ask him about it. Homegrown started in '97 & had put 3 releases so far & more coming later. I do homegrown as hobby & out of my passion for HC & the whole underground. I've gathered my thoughts, experience & knowledge and put it to work. HC is no longer

about music/lyrics; it's a way of life for half of my life.

Who's the boss & what kind of stuff do you really like to offer?

I'm the only one doing this & I pay for everything, I guess you could call me the boss. Homegrown a label that focuses on the extreme side of HC, not the dark side or whatever. The stuff that I put out are fast, loud, brutal, pissed & in your face. If there are any bands that fit the above descriptions, send me your tapes.

How are the people in Singapore scene catch homegrown as a satellite to get some of their DIY product?

They don't! I put out lots of flyers & pass them around the mall whenever there's a local or Asian order. The only way the local kids can get my releases are to order directly. I like it when they use their initiative to write but sad to say I got only a handful of local orders but still rather cool. I got lots of orders from all around asian too. Oh, well it's their fuckin' loss when they found out that I've been putting out quality shit & it's already gone.

What are the main reasons you run this label?

I'm a record collector & I buy records almost all the time. Some of the releases are available only on vinyl & as it goes with the technological advancement, vinyls are totally wiped out from south east asia. Kids over in

Indonesia & some in Malaysia & Philippines depend on tapes as a form of audio listening. I wanna share my kind of music to the rest of south east asia. I've been to shows in KL & I saw the scene overthere, in Indonesia too, their scene are so fuckin' awesome that I regard it as my second home. Philippine has the oldest HC/punk scene around here & in Thailand it's still growing slowly. I just wanna give them a piece of what I've been banging my head too.

Do you face any problems while people write to you to order some stuff?

Usually no! In fact never! I send out orders the very next day when it arrives so whoever ordered it gets to hear the stuff faster. As long as you send well-concealed cash, it's fine. S'pore has the very best postal service.

Can you give one your own website/e-mail? I don't have any websites/e-mails. The only way to reach me is by snail mail. I love letters. Send me lots of flyers while you're at it.

What's your favorite music around?

It's gotta be HC. I like the old-school style, fast & furious. Chugga-chugga or metallic HC gives me a fuckin' headache. I like slow emo-style too, like Sunny Day Real Estate, Mineral, Casket Lottery, Blue Tip, Still Life, Christie Front Drive, etc. I like to listen to good easy listening during rainy day or if I'm in a mood. I dig old-school '80s thrash as that's my roots, I grow up listening to them since '85 & all heavy metal/rock bands from the '70s.

How's the political & stock exchange in s'pore right now?

I'm a stockbroker, so I don't care about it. But in case you're wondering US\$1=\$S1.72. Politic sucks shit everywhere. You guys have your own fuckin' drama going right now. All politicians good/bad will burn in hell.

How about the u/g scene in s'pore now? Any new promising bands?

There are some cool bands like Wartumation, Kindred, Bushman, Stone Revival, Flow, Bored Phucks, Forced Vomit, but I dunno anything else much. In fact, some bands that I mentioned are friend of mine & some I see them playing live & aren't even HC/punk. I dunno anything about the scene, I lost touch with it when it died in '92. The scene nowadays aren't it used to be. Back then everyone was united. There were gigs almost every time, the mosh pit were bigger & violent but there were no fights. HC bands playing sides by sides with metal bands. Stage diving is fuckin' sport, everyone gets along. Then when slam dancing was banned due to the media coverage of

This was the interview I did with the patches maker in our scene-mr shahrul izman from enggor perak. Check out some cool patterns of his d.i.y artwork. Thanks shahrul for replying my questions. Here are some pretty much answer. Read on!

HELLO SHAHRUL IZMAN. AMACAM CUACA KAT ENGGOR MASA NI? PERKENALKAN SEDIKIT PASAL ENGKO.

Hei.. oo!!! Cuaca kat sini OK je.. sesuai untuk aku pergi memancing. Hmmm... aku rase tak ade ape yang menarik tentang aku ni!! He.. he.. he..!!

MACAMANE DENGAN AKTIVITI ENGKO DGN U/G SCENE BERKAIT DGN PATCH STUFF NI.. BILE START??

Orait! Start patch stuff ni pertengahan '98. kira baru lagi laa.. dan aku progress melalui penjualan secara bergerak!! Aktiviti aku tak banyak sangat, biase je same macam aktiviti distro yang ade kat muka bumi ni. Hmmm, for your info, aku hanya boleh buat patches yang mempunyai makna dan introducekan band2 yang interested untuk aku print kat patch. Dari situ gak aku suka menyaport band2 yang berkaitan seperti Trade's and more. OK, pade siape yang berminat untuk memberi logo band/logo yang ade makna boleh menghubungi aku, jangan segan2.

SETAKAT NI, MACAMANA SAMBUTAN DARI BUDAK2 SCENE DENGAN PROJEK ENGKO NI..? Hmmm, buat masa ni sambutan amat menggalakkan.

ENGKO BUAT SENDIRI KE PATCH NI? ATAU BUAT KONTRAK DENGAN LABEL MANA2?

Haa...??? For your info, semua patch yang aku jual tu aku buat sendiri (DIY)!!!

APA PANDANGAN ENGKO PASAL MUSIC U/G YANG MENJADI SEMAKIN KOMERSIAL DARI APA YANG KITA DAPAT LIHAT MASA KINI?

Fuh!! Pasal ni!! OK... benda ni tak sepatutnya ada dalam ethics @ DIY!!! Aku memang benci dgn band yang mula2 dulu excited dengan DIY ethics lepas tu support mainstream that looks like hypocrite people! Ya, dalam DIY ethics tak da perasaan untuk menceburi mainstream ways.. itu dah kira rip-foo music DIY. Contohnya band mainstream menggunakan nama U/G sebagai satu life style yang komersial. Macam gampang!! Betul tak??

don't see we will have an equal rights or democracy. We loose everything, no one dares to stand up and point an accusing finger to the wrong ways of people in power. No one...

WHAT ARE YOU GONNA SAY IF SOMEBODY COME TO YOU AND SAY THAT LOCAL PUNK ROCK SCENE IS JUST ANOTHER XEROX FROM WEST? DO YOU AGREE IF I SAY THAT PUNK ROCK IS A UNIVERSAL MOVEMENT? HOW DO YOU SEE GLOBALIZATION WILL BRING MORE HARMS TO OUR EASTERN VALUES AND ETHICS?

Yes, I admit that our local punk scene is just a copy from the west. Telling you the truth, not all the bands in the west aren't good enough compared to the Japanese, Indonesian, Pinoy and even Malaysian bands. That doesn't mean that you are from west, then you are a good band. There are still poor bands in the third world country that deserve good recording and some are very original. I agreed punk as a universal movement, but punk in what sense? If just by outlook, then it'll become another worthless movement filled up with fashion victims. I don't think that globalization will ravage eastern values. If you still know who

you are, then it'll never damage. Asian punk.. alive!!!

ALL RIGHT AMIR, I'M RUNNING OUT OF IDEAS. THANKS FOR SPARING YOUR TIME WITH THE CORE SYSTEM.

Thanks to you azrin for the interest you show. This was just my sole opinion and I didn't reflect the other mates in SM. If you got something to discuss, just drop me a line. Dedicate to all of my friends who are struggling for what they believe in. conformity kills creativity!! Cheers!!!

"LOVE, PEACE AND SOLIDARITY"

PUNK ISN'T A WAY OF LIFE. HOW COME? HOW WE'RE GONNA DEAL WITH RELIGIOUS ISSUES IN OUR U/G SCENE?

When we take religious into the scene, then the argument can't be continued, because the music itself is a sin. So I take religion as personal. It's up to you to become what you prefer most.

WHAT ARE YOUR COMMENTS ON THESE BANDS/INDIVIDUALS?

Malcolm McLaren and Sid Vicious

Malcolm is a great person and Sid is the most wasted punk.

The Clash

I used to listen to them long time ago and they don't differ from other punk bands. Crass is better than them.

Ernesto Che Guevara and Rage Against The Machine

Che Guevara is the latest model of our t-shirt and bag design which you can get everywhere including Padang Besar. Rage? What rage? What machine? Another Woodstock bands?

33

PUNK ROCK IS ABOUT HAVING OPEN MINDS. TELL ME HOW FAR THAT ONE CAN BE OPEN MINDED WHEN FACING ISSUES LIKE RACISM AND HOMOPHOBIA?

Racism and homophobia are things that shouldn't be tolerated about. Both meant to discriminate and to reject people. Being open minded here are to accept differences that belong to other people. No one is superior, that's the truth.

I ASSUME THAT YOU ARE STILL A STUDENT. WHAT DO YOU THINK WITH STUDENT RADICALISM? AUKU?

Yeah, that's true, I'm a student who is majoring in mass communication and wish me the best mate!! As I said in

previous answer, protest without follow-up with violence is OK, but when it involves violence, things you wanna solve will become worst. Believe me, AUKU is an act that stricts university's students to take a stand. I myself sometime confused when people said that we're the one who'll make the betterment of the society because when we criticize for society's wrong doings, then we'll be blamed back and they ask us only to concentrate on studies. It seems like we got no voice.

"...DEMOCRACY THAT YOU'VE BEEN SHOUTING ABOUT, THERE'S NOTHING NOW IN MY HANDS". THAT'S A LINE FROM 'IN THE NAME OF DEMOCRACY' SONG. DO YOU THINK THAT DEMOCRACY IN M'SIA IS GONNA

DIE? WHAT EFFORTS SHOULD WE TAKE IN ORDER TO BRING DEMOCRACY BACK TO LIFE?

Theorically, we're living in a democratic country but practically, we're living with dictatorship. The name of the system isn't determined by how it works, but the ruler will make it. I can't give a solution about how we should go and take back democracy. If power and greed still become a need, I

DLM M'SIA NI, BAND DIY MANA YANG ENGKO PALING SUKA & ZINE MANA YANG BEST ENGKO BACE? BAGI 5 CUKUP LE..

Buat masa ni, band DIY yang aku minat ialah Undead, Pyron, Purnamwulan, Aghast, Parkinson, etc. zine plak aku rase.. semua yang aku baca semua best!!

CERITA PASAL GIG, ENGKO PERGI GIG TAK? MANA SATU YANG BEST SEKALI? MENAWAN KALBU??

Cerita pasal gig pulak, for your info aku memang suka pergi gigs. Lagipun semua patches

aku tu aku tolak kat gig. Hmm, gig yang paling best bagi aku ialah gig di Kuala Kangsar 'Royal Town Shaking Ground' pada 1996.

KOMEN ENGKO PASAL BUDAK SEKOLAH YANG SEMAKIN NAIK TOCANG, BAKAR SEKOLAH, TIKAM MEMBER, ISAP ROKOK, LEPAK, ETC..?

Komen aku? OK aku rasa ibu bapa harus mengambil perhatian terhadap anak2 mereka dengan cara memberi nasihat terlebih dahulu, kalau degil jugak.. hantar ke Henry Gurney kat Melaka tu. Baru diorang tau!!

APA ENGKO NAK CAKAP PASAL CARBURETOR DUNG? Ok...

BOLEH CERITA TAK PASAL SCENE KAT KUALA KANGSAR? DENGARNYE KAT SANA BANYAK BAND2 POWER..

Scene Kuala Kangsar la ni boleh la dikatakan berkembang sebab banyak band2 baru ditubuhkan. Zine pun dah banyak release iaitu MALLRATS, ALLY, OF QUADRANGLE, SILVER RIVER dan JEBAT. Tentang band punk rock,

12

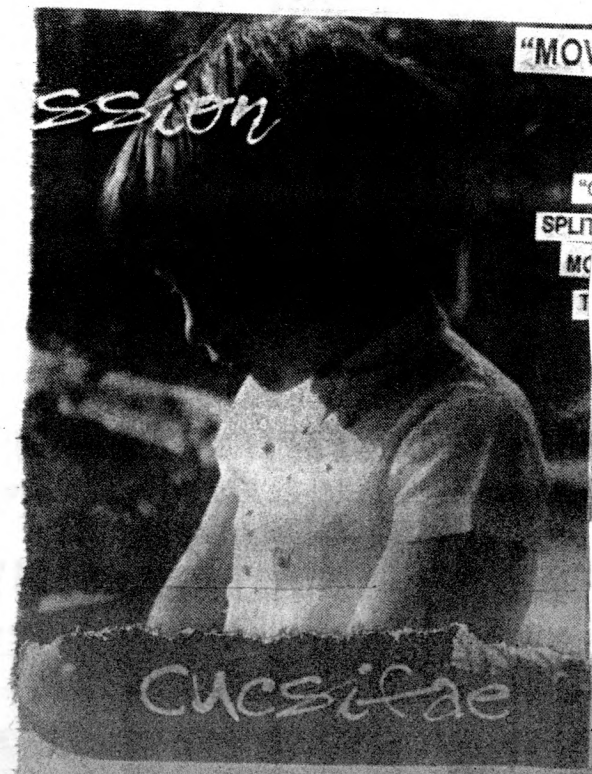

setau aku ada 1 band je yang wujud kat Kuala Kangsar ni iaitu Konqsore. Diorang ni tengah berhempas pulas menyiapkan second demo. So, tunggulah kemunculannya. Nanti OK!!!

RANCANGAN MASA DEPAN UTK AKTIVITI BUAT PATCH ENGKO NI...

Rancangan aku untuk masa depan aku ingin membuka kilang patches di belakan rumah aku.

ADA NAK SOUND APA2 LAGI UNTUK THE CORE SYSTEM?? Thanx sebab sudi interview aku ni. So, a thousand hails to you!!

I give you my **HELPING HAND** give me yours /Sept. 90/
I've started this support activity/diyhometape"label" (tapes are most popular in our part of the world) and some nice folks have already reacted (Flagrants d'Elie, Bracco, Charlie Don't Surf, Dead Meat, Invazija, Submission Hold, Bollocks, SFU, Boycot...). And what is Helping Hand about? I'm looking for any nice & truly diy bands worldwide to rerelease their tapes, cd's or vinyls on tapes here. English lyrics sheet is a must (to translate your lyrics into slovak and put it on the cover). Plus some writing about the band, why do you play. All the tapes are benefit for anarcho/eco activists here (distribution is sure in Czech & Slovakia-only). Write for more info!

I also prepare a zine in English - **SELFREVEALING**. It seems it'll be out in fall or winter. You'll find there some interviews (Boycot /Holland/, Flagrants d'Elie /France/, Invazija /Lithuania/, Správny Smer+Disident /Slovakian hc/, Fantifa /Switz./ -wimmin against fascism/sexism/; int. w. a man who's vegetarian for over 3 years...), essays (sense of being punk, anti-sexism, loneliness and more personal writings), poetry, scene-reports (Latvia, Malaysia, Bulgaria, France, Puerto Rico ...) etc. No deadline yet as I'm still looking for your support in a form of poetry, personal & political writings, drawings, scene-reports (non-music and socio-political) and whatever you think is worth being spread in a form of zine. Selfreal and share it with others (or at least with me). Distributors with access to free or cheap xerox (photocopy machine) please, get in touch, then I just send you 1 flat copy for free and you will xerox& distribute it yourself.

By the way, I help 3 slovak bands with looking for distributors worldwide, so if you are interested... They are Správny Smer-powerful trash/hc with great breaks, thought-provoking lyrics; Cistá Ryža-grindingcrustpunk, good mainly personal lyrics; Testimony-energetic professionally played hc with an emo and atmospheric touch and personal lyrics. Trade is ok but write first /also for wholesales/.

I LOVE COMMUNICATION and sharing. Feel free to just write and to tell you're alive and still fighting. Lunatics (like me) into knowing new pals, write or die. I expect long letters, so if possible, do it this way.

"Communication is the key"

All your questions of any kind are waiting to be answered at

WHAT ARE YOUR FAVOURITE LOCAL/ABROAD BANDS?

24 reasons, Full Throttle, 76 Seconds, Aghast are among local favorites bands. When it comes to abroad-Unholy Grave, Agathocles, Active Minds & Battle Of Disarm always invaded my listening. I also listen to Jewel. Hey! I'm looking for people/bands doing Electro Noise project, Bassdrum Noise project, Melodic Indie Pop, Technoise and other weird sounds. If there's any, contact me!!

A PUNK BAND SHOULD BE MORE THAN JUST A BUNCH OF MUSICIAN PLAYING MUSIC. WHAT ROLE DID YOU SEE THAT PUNK BANDS ARE PLAYING IN ORDER TO CREATE A BETTER WORLD?

At this moment, I don't clearly see how punk can change the world. Most of them are a bunch of punks who take music as a way to have fun. They formed bands, played 3-chords songs, enter studios, make records, play at gigs and after a year, split up. So how come it will change the world? But the change process will take a long time to evolve. If punk itself still stupid minded, then it'll go nowhere. To make solidarity is about to learn respecting differences of others and accept it as they are. Everything must be in harmony with what they want as long as not violating others rights. Anyway it's hard to do so.

WE ALL KNOW THAT PUNK ROCKERS ALWAYS BE SHUNNED

BY THE POWER THAT BE, AND GENERALLY SOCIETY DON'T ACCEPT PUNK ROCKERS. UNDER THAT CIRCUMSTANCE, SHOULD THE PUNK ROCKERS STRIVE TOWARDS THE BETTERMENT OF SOCIETY? AND DO THE SOCIETY IS REALLY THAT BAD?

We are coming from society and we should go for society. I know most of societies can't accept of weird-looking

punk rockers. We can't blame society itself because their mind dah been set up that 'punk is bad'. So that's ours to change that competition. We must prove that punk isn't just a bunch of losers, but better than mainstream people. We must show them that we are also a part of them even we are different. Striving for a better society is a good step. In this self-individualistic society, people only look for materialistic. They existed 'classism' to discriminate people. Discrimination means oppression. By making society equal is a real hope. No, I don't think that society is bad. But mostly they are. There are still minority in society which are kind enough to everyone. Sometimes they are better than the so-called punk which always shout positive, positive, positive but never practice.

LATELY, THERE HAS BEEN GREATER INTERESTS TOWARDS REVOLUTION AMONG THE LOCAL PUNK SCENE. THERE ARE MORE BANDS SHOUTING ABOUT REVOLUTION IN GIGS AND RECORDS. ARTICLES ON REVOLUTION IN FANZINES AND SO ON. IN YOUR OPINION, WHAT KIND OF REVOLUTION THAT WE NEED IN M'SIA RIGHT NOW?

Yeah.. it's true that the word 'revolution' is becoming popular among scenesters. People keep talking about it. Even there's a band make it as their EP's title. Revolution here doesn't mean chaos, disorder or riot. It's all about respecting old attitudes. In other words, revolution means changing. From worst to better. Anyway, there still people believe that revolution only, and must deal with violence and chaos. That's very wrong. Politically, we need to abolish all the corrupt systems and give equal rights to people, not to those 'in power'. Socially, people in M'sia are conformist, selfish, greedy, and ugly-minded. I think all should be replaced by kindness and tolerance.

SILENT MAJORITY

Most promising punk/HC band from perils!! What can they say about their activities.. just read down below OK?

HI AMIR, HOW ARE YOU DOING RIGHT NOW?

Hi to all. I'm fine here and now listening to old CRIPPLE BASTARD's life's built on thought T. Very great punk band.

WHAT'S SILENT MAJORITY DOING RIGHT NOW? WILL WE BE EXPECTING ANY NEW MATERIALS?

Silent majority(SM) is doing fine. We still active jamming our songs. both old and new. For this moment Northern With Love Collective had just released our split tape with ROT (brazil). This tape full 30 minutes of angry and disgust by both bands. It comes with lyrics sheet and pics. If interested, call NWL Collective. Before that, we released 'solidarity is a weapon' split 3-way. Besides SM, there are Cluster Bomb Unit (germany) and Battle Of Disarm (japan) contributing songs. We also got offers from some of DIY labels overhere, but we don't know whether it'll work out or not. We're also preparing for our full length tape soon.

HOW'S THE SALE OF 'NO AUTHORITY' DEMO? WHAT ARE REACTIONS AND RESPONDS FROM LOCAL SCENESTERS?

I don't know and don't even care about the sale. But from my "hand-numbered" cover, the tape was up to 125 copies out. I think this is a good first step for unknown band like us. About the reactions, we got varied. Some like it as hell and some just wanna puke it out. So I can't say more. If you like it, take it. If don't, just put it into the dustbin or give it away. We just wanna play what we wanna play.

31

AZIL (B)

NO AUTHORITY- HMMM... THAT'S A GOOD TITLE FOR AN ANARCHO PUNK RECORD, BUT SM, AS FAR AS I'M CONCERNED ISN'T AN ANARCHO PUNK BAND. HOW ARE YOU GONNA TELL PEOPLE ABOUT THE BAND AND THE KIND OF MUSIC YOU PLAY? I don't know how to describe our music. It's just the combination of 4 different musical tastes. Every band mates has their own musical taste and we differ from each other. We just put all the ideas and come with our own style. Some said that it's thrash punk. I don't know, it's up to you to decide it.

UNDERGROUNDsaturevolusiyangGagal?

Diawal tahun 90-an, letusan muzik "Underground" begitu hebat melanda remaja tanah air. letusan ini sebenarnya dapat difahami dgn mudah jika kita menelusuri 'subculture-subculture' yang terlebih dahulu melanda golongan muda seperti zaman pop yeh-yeh, glam rock, breakdance, rap dan lain2 lagi. walaubagaimanapun, arena 'Underground' mempunyai keunikannya yang tersen diri kerana 'subculture2' yang telah disebabkan diatas telah menjadi norma2 yang mampu diterima oleh masyarakat arus perdana (mainstream!) dan dikormesilkan oleh pihak kapitalis atau pemodal. inilah ciri 'underground' yang khusus serta istimewa. persoalannya, adakah 'underground' akan terus mengekalkan nilai2 tersebut atau isitilah 'underground' itu dilacurkan oleh pihak2 yang cuba mengaut keuntungan? apakah revolusi, jika ada, yang dibawa oleh arus underground itu telah/sudah gagal?

Imej underground awal lebih kepada imej metal yang terlalu berat, muzik yang sangat berat, lirik yang ekstrim, serba brutal dan gelap dan sebagainya. keadaan ini didapati berubah berikutan kemunculan band2 dari genre basic punkrock dan alternative/indie-rock!. kemunculan band2 mutakhir membayangkan bahawa underground tidak lagi menaungi muzik genre tertentu, sebaliknya diwarnai dengan pelbagai gaya.

perkembangan ini sememangnya amat dialu2kan, kerana scene underground tidak statik atau pegun sifatnya tetapi dibalik kebaikan itu, terserlah satu kelemahan yang agak ketara. kelemahan itu ialah kebanyakan band2 baru begitu bergantungan kepada pihak luar untuk menaja konsert, terbit album dsb. ini menyebabkan attitude anti-establishment dan independence sudah hilang dan ini menyebabkan underground menjadi suatu syurga bagi puak kapitalis untuk mengaut keuntungan!...

WHAT'S YOUR COMMENT ON PEOPLE WHO SMOKE, DOING DRUG & OTHER BAD HABITS?

We don't judge people who smoke, drink or take drugs. We hate hard drugs because it uses you and turns you into a vegetable. Apart from that, some of us find some pleasure in smoking cigarettes, drinking a pint of beer or a glass of a good red wine & it sounds perfectly o.k to us. Smoking may cause cancer, but so it goes for pollution & junk food. You can drink without turning into an alcoholic or without getting violent. Now the conclusion: we are all hedonists.

HOW'S PUNK ROCK SCENE OVERTHERE COMPARING TO INDIE, HC? I HEARD THAT FRENCH HAS A LOT OF EMO SOUNDS (SCREAMING VOCAL?)

We do have a lot of different punk tribes ignoring each other & this is real shit. The main thing at the moment if you want to get the favors of the music rock papers & of the youngest audience is to do ska or skatecore.

WHAT DOES YOUR LYRICS TALK ABOUT? ARE THOSE IMPORTANT FOR YOU?

Our lyrics deal with the oppression of wage slavery - theft of organs in the 3rd world; enslavement of Indian, Chinese & Malaysian children I guess (ed: nope); having to work for big U.S corporations such as Nike or Gap; the genocide of the native American Indians; or some hidden facts of our history.

WHAT'S YOUR FAVORITE FOOD? DO YOU COOK AT HOME?

We like food coming from all over the world and particularly Indian curries. I (Vlad) do like cooking for friends and the band members. Usually it goes from traditional French dishes to Indian curries, Lebanese, Russian, Italian, Scottish or Chinese cuisine.

IN YOUR DISTRICT, WHERE'S THE MOST BEAUTIFUL GARDEN/LAKE TO VISIT? IF I'M GOING TO FRANCE SOON CAN YOU RECOMMEND ME SOME CHALET?

The most beautiful garden in Paris is the one which is not 'à la française'. It's situated in the north-west of Paris & its name is *les buttes Chaumont*. As for a lake, we have none in the inner city.

As we have no such thing as B&B's in Paris, I can only recommend you to look for a cheapo hotel in the north/east of Paris.

WHAT'S YOUR FUTURE PLANS? DOING ANY CDs, TOURS, RECORDS?

Our next move will be a couple of gigs early February in Reims & Paris along with 2 British bands we'll be inviting. Then we'll undertake our 6th British tour along with the best French hardcore punk band BURNING HEADS, some friends of ours too. Later in the year, we'd like to record our 2nd long awaited album to be released on our label NEGATIVE RECORDS.

LAST WORDS TO THE KIDS AROUND MALAYSIA...

Final words; let's abolish wage slavery & start living as a full time job! To all m'sian punks; start bands, fanzines, make videos & spread rebellion everywhere.

We do have a powerful common enemy, but together we are strong & we may beat this system.

The Informers

This is a band coming from France that has just released their latest CD E.P. "resistance is not futile". The band vocalist, Viad, will be delighted to assist you with the answers. Let's read the answers... now.

HII HOW'S THE SITUATIONS OVER THERE & TELL ME WHEN DID YOU FORM THE INFORMERS?

The situations for punk bands, particularly in the paris area is quite dramatic at the moment. We have nothing like the English pubs & clubs circuit and all the alternative places such as the squats that you may find in Italy or Germany do not exist anymore in France. We started early 1990 as a 4 piece band and then got into a 5 piece format from 1991 till today.

WHAT ARE THE CURRENT LINE-UP & THE RELEASES?

The current line-up is : Alex (guitar), Xavier (guitar), Chris (bass), Beatrice (drums), & Viad (vocals). The 2 original members left are Beatrice & Viad. Xavier joined the band in April 99 and Chris in June 99. Alex was formerly our bass player & took lead guitar in April 99.

SOME BANDS PLAY PUNK ROCK MUSIC JUST FOR FUN/ SATISFACTION, HOW ABOUT YOU? IS THERE ANY MESSAGE IN YOUR MUSIC?

We're not a young fun punk band with a rock 'n roll attitude as too many Americanized 'skatecore' bands have these days. We do consider our lyrics are as much important as our music. Punk has never been just a music or fashion, it was meant to be a way of rebelling against the capitalist authority and way of life. It doesn't mean we preach the truth, we try to make people think and do something to change this world. In that sense, we definitely are a political band

delivering a clear anti-capitalist, anti-fascist & anti-racist message.

DID YOU PLAY ANY GIGS BEFORE? WHERE? WHICH IS THE BEST & TELL ME THE WORST TOO...

The biggest audience we ever got was in 1991 when we played for 800 people in an Italian squat in Torino, Italy. The warmest welcome we got was in Rome in 1991, in Glasgow & Edinburgh during the Edinburgh punk festivals edition '96 & '97, in Manchester along with our Scottish friends of EXTERNAL MENACE, in Paris & Nancy. More recently, the best gig with our new line-up was in Winchester, England, on the 1st of November. The worst gig ever was in the Spanish Basque country when we played in a squat for only 7 people! But it was long time ago, back in June 1992.

HOW DO YOU SEE FRENCH & THE INDUSTRIAL FACTORY DEVELOPING?

Most of what we call the industrial world seems to shrink now. The car industry for example is now employing more salesmen than factory workers. French mobile phones are made in China or Malaysia. Our new western capitalist world is creating & exporting technology, films, communication. A majority of our working class is not blue collar as it was in 60's or 70's. We now have intellectual people working on computers, selling products, etc...

LIST ME 5 OF YOUR FAVORITE / INFLUENCED BANDS IN THE WORLD.

It's difficult to define what bands really did influence THE INFORMERS, but I may tell you the favorite bands of all times : THE CLASH, STIFF LITTLE FINGERS, BAD RELIGION, NOFX, BURNING HEADS (France).

WHAT DO YOU DO OUTSIDE THE BAND? DO ANY OF YOU WORK?

We don't live by our music and do not intend to do it. So it means we're forced to work. Alex is a school teacher, Xavier is a student (lucky bastard!), Chris is a salesman, Beatrice is a hospital nurse & Viad a clerk at a French telecom company.

underground juga, selain sebagai satu saluran genre muzik yang terpinggir, turut membiakkan ideologi2 yang pelbagai seperti anarkisme, straight edge, veganisme dsb. keadaan ini telah merubah wajah underground. U/G tidak lagi sebagai muzik, malah turut menjadi ideologi. inilah yang menyebabkan U/G semakin tidak mampu untuk menyatukan para pendukungnya, disebabkan mereka menganut fahaman/ideologi yang berbeza, biarpun pada awalnya mereka sanggup menerima perbezaan2 tersebut. adakah ini semua menunjukkan U/G semakin maju?? tepuk dada tanyalah selera... kesimpulannya. U/G akan mampu merevolusikan golongan belia sekiranya setiap pihak sanggup menerima perbezaan masing2. revolusi U/G tanahair masih lagi jauh perjalanannya dan marilah kita bersama2 menjaga U/G dari dicemari oleh mereka yang cuma mahu mengaut keuntungan. ketepikan permusuhan antara satu sama lain. REVOLUSI !!!

tape, otherwise they wouldn't
be on it...

7) ON YOUR VIEWS, WHICH ARE
MOST IMPORTANT, MUSIC OR
LYRICS ?..

-i think both are important
but i must concede that i
am more interested in the
music than the lyrics in a
other language and i don't
understand anything. some
bands can have very politica
l lyric but do they live ac
cording to everything they
say? do they do anything con
crete against what they de-
nounce? many bands have on
ly the lyrics but don't care
at all about what surro

unds them and only look af-
ter their arse. i prefer re-
ally stupid lyrics from co-
py people to over political
l lyrics from louds-mouthed
moaning emoshit who will ne-
ver do more than complain-
ing.

8) DO YOU LIKE READING OR
WATCHING MOVIES? WHAT SORT
OF BOOK DO YOU LIKE TO READ
DO YOU PREFER TO WATCH A
MOVIE BIG MOVIES THAT PRO-

EVE THAT Meg Ryan WAS YOUR
FAVOURITE ACTRESS, IS IT TRUE

ieu.

9) A LOT OF BANDS WRITE ABO-
UT A LOT OF PERSONAL ISSUE
AND LEAVE THE POLITICAL ME-
SSAGE ASIDE AS THEY THINK
IT'S NOT IMPORTANT ANYMORE
IN THE 90'S, THIS HAPPEND A
LOT IN THE HC/SXE SCENE...
HOW DO YOU SEE TO THAT?%?
-first, i don't care about the

the metal, new school
cool hardline prolife scene.
i used to be SxE but i was
save by crust and cider leve-
ry one is free to write the
lyrics. one wants put persona
l lyrics don't affect me. as
i have said in a preceding
question, i never understand
the lyrics and i am too lazy
to read them.

10) WOULD YOU LIKE TO PUT SO-
ME OF YOUR CDS ON MY FRIEND
LABEL WHICH IS PURELY DONE
IN THE D.I.Y STANCES?

-o.k. no problem, i don't care
i only make CD to swop them
if i wanted money i would
find a job. i have sent my
productions to a Malaysian
people before who are suppose
to press them on tape but i
never heard of them afterward
...i'm not in D.I.Y scene i'm
just not for profit.

11) WHAT IS THE BEST PLACE IN
FRANCE TO PLAY A GIG AND
WHAT IS THE BEST BAND THAT
YOU WANNA RELEASE THEIR STUFF
UNDER YOUR LABEL

-france is too vast to say, and
all venues end up closing ac-
cording to the good french bands in
the grind/crust scene are Emma
HC, GAG 33, VOMIT FOR BREAKFA-
ST, SICKNESS, DISBEER, MYCOSE etc

12) SMOKING IS COOL? WHAT ARE
YOUR COMMENT ON PEOPLE WHO
SAID LIKE THAT? DO YOU SMOKI-
NG? WHICH ONE IS THE FAMOUS
CIGARETTE AROUND FRANCE ?..

are shit and all smokers akn-
owledge it but it doesn't ma-
ke them stop (drugs!) otherwi-
se, if you want a nice cancer,
i would advise you to try all
the different brands..

13) I DON'T HAVE ANY QUESTION,
ANYTHING TO ADD IN THIS IN-
TERVIEW, THANKS!!!

Yann, D, 9 Rue Des Neganges, 35650 Le
Rheu, France,

HI! HOW'S LIFE, FIRST OFF

TELL ME A BIT ABOUT YOUR

SELF...

hello everybody and thanks to
you, Azrin, for this interview
which i will try to answer
correctly. well, i'm Yann, i'm
french and i think i'm 23 (it's
hard to know b'coz it changes
every year) well, it's all.

FOR HOW LONG HAVE YOU BEEN

DOING WANTED AND ARE YOU

DOING IT ALL ALONE?

I ANTI first saw light in '93
and deceased in '99 (he probab
committed suicide with mi-
serium approaching). 12 issue
have been out, the last one
being, in my opinion, the most
accomplish. i made a news-let-
ter called SWARMS OF SCUM (fro
a song of Gentle Japan) with
an interview of Autoritar.
at the moment, i'm working on
a DUCKED (from a song of
is affect UK). i think i will

continue to make fanzine as
long as the HC punk scene means
anything to me and as
long as there are trees to
cut down to make paper. since
beginning i have done by
myself. i've distributed
cords since '97 and still by myself

WHICH MUSIC DO YOU LIKE

MOST, HAVE YOU PLAYED IN A

BAND?

i like crust, grindcore &
fastpunk a lot but i hate
popcore, pop, techno, oi, 77,
punk and other shit, i want
speed music!

i started playing in a
band in '95 with DST, fastpunk
not with socially and po-
litically-orientated lyrics.
we have gited twice and the
band turned to crust in the
end. in '99 we formed ANTI-
ORDER a band much more cru-
el, grind with social, politi-
cal, radical and sometimes
completely stupid lyrics.
in '99 i also played guitar
in LES GROSSES MERDES (The

Big Shit), a fast punk rock
band and in DOULEUR ANALE (An-
al Pain) a total grinder
st chaosnoise shit band. now
we are forming a new band
called INTOLERANCE (fastpu-
nk crust) with a female si-
nger and DECHARGE, a band
that covers Discharge but
the lyrics are sung in Fr-
ench. And perhaps other
bands, i don't know for
the moment.

OTHERS (BOYS VIOLENT YOUTH, CONFUSION, MUMA...)

**4) IN YOUR LIFE, NAME SOME
BANDS THAT INSPIRED YOU.
WHAT BAND DO YOU LISTEN?**

-no god, no master, no fav.
bands, my only influence
is myself. i love to conte-
mplate my belly button!
the records i will never
get rid of are RECHARGE,
silent screams, lp, WLOCHA,
TYN first, lp, TOXIC BUNKERS,
halli!!!, BONEHOUSE, LP, CD,
ENOLA, GAY/VOMIT YOURSELF,
split LP, BASTARDS (Japan).

**5) WHAT ARE YOUR VIEW ON
CHILD ABUSE, DRUGS AND
PROSTITUTIONS?**

-i don't take any drugs but
i don't care if others do.
i'm against child abuse (se-
x and work) and prostitu-
tions but at our level we
can't do anything, only our
rulers can do something ag-
ainst it but why would they
to suppress things they are
the first one to profit

Smoking habits – isn't that killing yourself??

In this topic, I do agree with it!! Damn, smoking can kill us by inhaling smoke that can be seen. OK, let me explain, the cigarette contains tobacco and nicotine, both are extremely dangerous and can affect our health. In addition, nicotine and tobacco contains over 19 known carcinogens (most collectively known as 'tar') and more than 2000 chemicals. Nicotine has both stimulate and depressant effects upon the body. Nicotine's effect upon hormonal activities of the body is also evident for smokers. The specific health risk of tobacco are, increase fatal death and disease, lung disease, chronic bronchitis, lung cancer, heart attack, etc.

For non-smokers, they are exposed regularly to secondary hail smoke. This would risk their life too, even though they ain't smoking. Choosing the way, I mean 'smoking', is the negative

way to choose coz it could effect our health. As I know, smoking can cause death, coz.. my dad was a great smoker too. He died of heart attack. It is a part of reason he died, as the doctor said. This is a simple example for you. Previously, I used to smoke but now I've quit, I don't wanna take risk on that thing! In M'sia, smoking is getting worst day by day. Many people die because of smoking. Sometimes when I hang out with my friends, I ask them why do you smoke. They would answer "I'm fucking tired and tension with my family, work, life and many more.." or "my mom and dad smoke, so why can't I follow them?..". I just smiled for those

GREAT answer! As for me, those reasons were bullshit! If they don't smoke, they still can solve their problems. Smoking won't solve problems but it can affect your physical health. About the family smokers, why should you follow something that's negative from your family? I think we should follow the positive way of life of any family. So, I hope that with this simple article, it would give

ORIGINALLY WRITTEN/IDEA BY
Yanee, Tmn. Melawati KL.

WELCOME TO TCS SHOUT-OUT CORNER... WHAT YOU ARE GONNA READ IS AN ARTICLE WRITTEN ORIGINALLY BY GANYANG'S FRONT MAN, IBRAHIM. MANY THANKS TO HIM FOR THIS LOVELY AND ELECTRIFYING ARTICLE... CHEERS!!!

Dear readers of The Core System, hi human dearie... my friends from mars told me that their home planet got a very minimum quantity of oxygen. Tired and bored of your life, I think you should go there. Maybe you'll die fast, hopefully. So how the world orders today? It's sick and usually will benefit only to one party. This is your humble friend trying to put his piece of mind in the mighty The Core System. While writing this, I'm wearing SHITWORKER's t-shirt with it's artistic drawing picturing 3 guys carrying weapons to eliminate this shitty world, I guess... 'Champion of lurve, liberty and fermented filth...' do you guys a champion? A big question marks there. You should ask yourself whether we must be a champ in our lives or not. Life's just like a game, everyone should know their parts. Rules & regulations should be followed or you'll be kicked out of the field by the referee.

I would like to propose all types of games shouldn't have a referee because they manipulate all laws. The sufferers will bound all that with their own thinking & creativity, and we have a 'reason to revolt'. Yeah, that's the title of an album of a powerful Italian melodic HC, I dunno whether the band name 'point break' has a connection with a new glamorous boys group in the UK who broke the chart with their pop-rock genre.. So, fuck MTV and Channel V and also to the commercial entertainment channel related to them. Maybe this 'point break' will become an issue and the commercial 'point break' will sue the DIY 'point break'. It's like the infectious maggots who introduced the new era of industrial music.. Do you know that fear factory album released after their album but due to the lack of recognition and glamorous things, the fact just fading away... the world is cruel??

So what the hell the boys who have been raised up and introduced to punk with bands like the jam, violent fammes, darling buds, the cure, jane's addiction & the pixies will give a comment like this because of my slower influence. Maybe the gore-grind-fast-crust-power violence wannabe out there will look my not-so-punk opinion with their one eye... the rumbles continue, more fast more punk, less fast less punk. Is this a statement or just a practical joke among us? I'm trying to be as political as I am, but I do not dare to see political views just following others. Conclusion, act now my friend or you'll witness more tragedy rather than comedy. Speaking of tragedy vs comedy, I'd like to refer to 21 unarmed man took control and broke off the armed military guards and camp in our northern region. The Muslim fundamentalist, they called it, had their bunkers surrounded by more than 5 'ready to kill' elite force, to name a few UTK, VAT69, senoi prag, PASKAL, RGK, what else, they say minimum force been used, but who knows behind the shadows of lies, there's a conspiracy within our community. The incident is so simple with 2 innocent security personal sacrifice their lives for this 'bolehlend'. But the issue not stopped there, it's spread as a weapon to eliminate all opposition's idea. So perhaps all people will switch their fundamental of support to our not-so-good government. A rocket been fired to batu caves temple and a hand grenade are used to blow up the Carlsberg plant in shah alam. So what else after this? They wanna see another ambon? Question mark there my friend, making impossibility to possibility. Hah, a new phrase

of thought by the people behind the curtains of national policy. Should I say ISIS. I don't want to be jaded about this. More research should be made upon the situation, not just sitting there being a jocks or rednecks. What we need is love sweet love, all types of love should be spreaded across the nation. The campaign of positive love should be conducted so we can live happily ever after. Bzzzzz... I'm firing you again!! Love has no boundaries, 'Cleopatra loves Mark Anthony, Rama loves Sita, Shah Jehan loves Mumtaz Mahal', so I say that I love humankind. "We should preserve the legacy of humankind"-titan A.E. you should watch this movie, it give something to me, perhaps you guys can feel the same. Just 2 hours ago. I watched 'NOFX-ten years fuckin up' video. It influenced me in some angles. The band that started as a 'bay area spirit' turn to epitaph, touring Europe with big bus, being political awareness, break the race barriers, good music and finally dedicated their life to punk scene thru 'fat wrecks chords'. Even the late Tim Yo loves this band and he would also curious to ours too... MRR not like before Tim was there, everything's more Americanized now, so where the spirit of earth punks? I still subscribe MRR bur I got less interest on it, less amount of non-western bands. I miss the old PE (profane existence), where are you guys right now? Help our poor punk brothers here in Asia. Maybe I'll stop talking about what I'm not in place to speak I dunno what happen in SF as I don't live there even I don't ever go to gilman street.

Ok guys, I'm signing off right now to give more space to other columnists. This is just my frame of thinking, nothing to do with life and death. I'm still here in hypocrisy town called 'shah alam'. Too many yuppies live here with their spandex pants showing their firm ass (I'm not trying to be sexist!!). But in other side, I love this paranormal phenomenon... a new relaxing method, rich housing areas vs working class flats still haunt this 'orchid city'. So that's all tō wrap up my beliefs. Last but not least, the spirit should be liberated! My ganyang #4 has out with some stuff (I bet you know the contains of a publication called zine). Feel free to contact me at IBRAHIM NGAH AHMAD / 43 KG. DUDUN HULU / 32800 PARIT / PERAK / MALAYSIA or e-mail me at ganyang.zine@excite.com peace!!

Sands of time
Winds of change

Attack one and all
Inflict all guilt

You don't want to look back

You don't want to let go.

My kindred spirit fires my soul

My bloodless blood turns me cold

A million songs and poems can
never capture all of my guilt

I shud let go.

Just let go.

ONESEVENTWO
172

Yippee! Now it's time to start reading another interview with 172.. they're from the lion city, Singapore!

Oneseventwo.. Let's know something about them. Who's the leader to handle this?

Oneseventwo consists of 7 people who'd like to contribute something to HC scene. 2 girls and the rest are guys. It's me who started 172.

Do you have any zine or distro? Brief some please...

Yes, I do a zine and a record label. To cut this short, I started doing the zine since the late 96 and have just started the label sometimes at 99. so far 172 record already have 2 releases.

Do you have any new project for the year?
172 currently now working on our 3rd release called Lion City Hardcore ROAR! Comp CD and also the 5th issue of the 172 zine.

One girl gives you a beautiful flower and said that she loves you.. what will you react?

I think that I'll go blank... but if she is the girl of my dream and that I cherish her most. I'll make her my wife... hahahahaaaaaa.

Do you have your own computer at home?

Yep.. I do own a computer at home which I use all the time doing my zine.

Can you list me 5 of your favorites HC bands?

Well, I guess they are social integration, wrath, knuckle dust, warzone and up against it. Old-school rules!!

What are your comments on people who smoke in public area?

I can't say anything about that. It's up to them because they have their rights to do so, unless it's at the smoking-free area...

I like Milo ice, what's yours? ..
I like tea with milk...

(24)

What are your views on school kids whom 'lepaking' at shopping center & playing video games?

Hanging out is fine to me, but playing video games is really a waste of time and money.

How do you feel when you serve in the National Service.. Are you satisfied with what you've done? Why??

At first, I hate on being served the National Service but after I went for the SOC interview and I get it, I think it's fine for the time being although the training is tough. For your information, SOC is 'special operation command'. I guess you should know what I mean by SOC...

Which band really influenced you during your old days involve in the scene?

Well, if the local ones, it's stompin' ground and social integration. If others, of course gorilla biscuit, warzone, madball, minor threat, ten yards fight, etc.

What's your favorite fruit?

Let me see... apple, watermelon, and honeydew. I think that's all.

What's your future plans for 172?

For the time being, we (172 crews) are working out on the comp CD and the zine that we've just mention. We also gonna do split release with another local label. It's just a plan, so don't expect much of it. All of us are busy with daily life so I hope that you guys and gals out there understand about it.

Any last words to our readers in Malaysia?

First of all, I'd like to thank you azrin for the interview and also to mahadzir mustaffa from melaka for helping us a lot while 172 were in Malaysia. To all the Malaysian kids who know us, thanks a lot for your support.

Contact 172 at this address.

XXXXXX RESPECT EACH OTHER XXXXXXXX

'Respect Each Other' slogan ini sering
dilaungkan namun ianya hanya dapat dikeluarkan dari
mulut dan jarang sekali terbentuk di dalam jiwa secara
radikal. Kesempatan ini eloklah sekiranya saya dapat
menginterpretasikan dengan lebih mendalam
mengena slogan ini. Slogan ini boleh juga dianggap
sebagai deklarasi cara atau sikap menghormati orang
lain. Setiap manusia mempunyai tanggungjawab untuk
menyedarkan antara satu sama lain, jika ada
dikalangan mereka yang melakukan kesilapan. Jadi
tidak salah jika saya cuba untuk menyedarkan orang
lain termasuk diri saya yang serba kurang melalui
slogan 'Respect Each Other'. Kalau dalam bahasa
Melayu, slogan 'Respect Each Other' dapat diertikan
sebagai sikap hormat-menghormati antara satu sama
lain. Sikap ini juga merupakan intrinsik kepada
seseorang yang berakhlak terpuji dan mudah untuk
didekati. Cuba kita lihat sendiri masalah yang berlaku
pada scene u/g masa kini. Banyak bebudak new comer
yang cuba untuk mengenali scene u/g dengan
pertolongan atau tunjuk ajar daripada orang yang lebih
lama dan berpengalaman dalam u/g iaitu old timer.
Tetapi apa yang dapat dilihat sesetengah daripada
golongan old timer tidak memberi sebarang komitmen
untuk menyebarkan pengetahuan mereka kepada
orang yang masih baru dalam scene u/g. Walaupun
sikap hormat-menghormati dipandang enteng oleh
sesetengah orang namun ianya adalah satu sikap yang
perlu ada dalam jiwa setiap individu untuk membentuk
masyarakat yang bersatu padu dan berkejasama.
Malah ianya merupakan norma-norma hidup yang
boleh memberikan implikasi dan konsepsi yang waras.
Perkara yang boleh menimbulkan keadaan tersebut
adalah disebabkan ego yang tinggi. Mereka
berpendapat diri sendiri lebih berpengaruh dan tidak
layak untuk bersahabat dengan budak new comer yang
tidak tahu apa-apa. Tanggapan sedemikian
membuktikan mereka ini mengamalkan prinsip hierarki
yang tidak diterima dalam etika Punk sama sekali.
Adakah mereka ini layak dipanggil old timer walaupun
masih lagi mengaplikasikan hierarki serta strata dalam
diri? Dalam menangani krisis yang melanda antara old
timer dan new comer timbul lagi satu tribulasi yang
sukar dikikis iaitu sikap menuduh antara manusia. Hal
ini berlaku kerana kurangnya sikap 'Respect Each
Other', sebagai contoh seseorang itu telah menuduh
secara menerus dengan menyatakan bahawa zine
yang diterbitkan tidak bermutu. Malah tidak mendedahkan
sebarang efek positif apabila membaca zine tersebut.
Bagi saya situasi ini perlu diambil kira, walaupun zine
tersebut tidak seberapa dan tiada kualiti namun jika
editornya ikhlas untuk mengembangkan dan
menyebarkan pengetahuan yang ada sememangnya
layak bagi saya untuk menerima material tersebut.
Dengan itu editornya dapat belajar pengalaman baru
untuk memperbaiki kesilapan yang lalu supaya ianya

Dapat dijadikan teladan pada masa hadapan.
Selain itu sikap tidak menghormati adalah salah
satu punca pergaduhan yang semakin menjadi-
jadi. Perkara ini berlaku apabila seseorang
menunjukkan intimidasi yang bertujuan untuk
menimbulkan perasaan tidak hormat antara
individu. Selain itu ianya juga terjadi melalui
pelbagai cara antaranya sebabkanperancangan
idea. Perkara ini terbukti apabila masing-masing
tidak boleh bertolak ansur malah menganggap
pendapat sendiri yang boleh diterima. Lalu
perasaan tidak puas hati mula timbul dan
mengakibatkan pergaduhan. Sememangnya
banyak perkara yang tidak diingini akan berlaku
sekiranya perasaan 'Respect Each Other' tidak
dalam diri. Jadi saya juga ingin menerangkan
sedikit tentang implikasi positif yang akan terjadi
jika setiap individu mempunyai perasaan hormat.
Antaranya setiap individu dapat bersatu padu
untuk memastikan scene mereka tidak berpecah-
belah. Hal ini hasil daripada sikap hormat yang
ditunjukkan oleh old timer dan new comer. Walau
pun terdapat jurang diantara golongan tersebut
namun mereka dapat meneruskan perjuangan
yang sebenar. Selain itu manusia dapat
menyelamatkan alam sekitar daripada pupus
begitu sahaja apabila sikap menghormati berada
dalam jiwa. Individu yang cinta terhadap alam
sekitar dan menghormati segala insan yang
bermasyarakat dengan mengurangkan aktiviti
pembangunan yang berleluasa serta altruisme
dapat menunjukkan yang mereka hormat
terhadap flora dan fauna. Sebaliknya apa yang
dapat dilihat tapak perindustrian semakin
meningkat dan menghapuskan ekosistem yang
sedia ada apabila bertambahnya kolonialis.
Maka dasar kerajaan yang ingin menambahkan
emansipasi makin berkurangan disebabkan
kerajaan sendiri yang membenarkan multi-
nasional bertapak di negara ini. Konklusinya
saya amat berharap agar setiap individu
mempunyai sikap menghormati termasuk saya
sendiri semoga masyarakat yang bertamadun
dapat disemat. Sekian.....

Do you make any gigs around Brazil & how's the audience reaction for HC bands?

At the moment, I don't make any gigs around Brazil. Some months ago, my partner,

friends & I had a pub & bar that held many gigs, mainly HC bands, but because of economic situation we had to stop & close the place. But we have another good places to play in other cities around us. All weekend, we can see good gigs & bands showing their songs. Audiences are good, but there were more crowd years before. Now we can find new people at gigs, around 100-200 people at gigs, depend on bands & good divulgation some weeks before gigs.
