## UNLOCKING YOUR TRUE POTENTIAL

How efficient are you? What are your potentials? How much can you improve? Well, basically your intentions toward yourself and your fellow man are *good*. Basically, if sometimes clouded over with the not so pale cast of bad experience, your potentialities are a great deal better than anyone ever permitted you to believe.

You may have said to yourself, "With all my experience now, what wouldn't I give for some of the enthusiasm I had once". Or perhaps you have excused it all by saying you have "lost your illusions". But you aren't sure that they were illusions. Are brightness in life, quick enthusiasm, a desire and will to live, a belief in destiny, are these things illusions? Or are they symptoms of the very stuff of which vital life is made? And isn't their decline a symptom of death?

Knowledge does not destroy a will to live. Pain and loss of self-determinism destroy that will. Life can be painful. The gaining of experience is often painful. The retaining of that

experience is essential. But isn't it still experience if it doesn't yet have the pain.

Suppose you could wipe out of your life all the pain, physical and otherwise, which you have accumulated. Would it be so terrible to have to part with a broken heart or a psychosomatic illness, with fears and anxieties and dreads?

Suppose a man had a chance again, with all he knows, to look life and the universe in the eye again and say it could be whipped. Do you recall a day, when you were younger, and you woke to find bright dew sparkling on the grass, the leaves, to find the golden sun bright upon a happy world? Do you recall how beautiful and fine it once was? The first sweet kiss? The warmth of true friendship? The intimacy of a moonlight ride? What made it become otherwise than a brilliant world?

The consciousness of the world around one is not an absolute thing. One can be more conscious of color and brightness and joy at one time of life more than another. One can more easily feel the brilliant

reality of things in youth than he can in age. And isn't this something like a decline of consciousness, of awareness?

What is it that makes one less aware of the brilliance of the world around him. Has the world changed? No, for each new generation sees the glamour and the glory, the vitality of life- the same life that age may see as dull at best. The individual changes. And what makes him change? Is it a decay of his glands and sinews? Hardly, for all the work that has been done on glands and sinews- the structure of the body- has restored little if any of the brilliance of living.

Ah, youth, sighs the adult, if I but had your zest again! What reduced that zest?

As one's consciousness of the brilliance of life declines, so has declined his own consciousness. Awareness decreases exactly as consciousness decreases. The ability to perceive the world around one and the ability to draw accurate conclusions about it are, to all intents, the same thing.

Glasses are a symptom of the

decline of consciousness. One needs his sight bolstered to make the world look brighter. The loss of the ability to move swiftly, as one ran when he was a child, is a decline of consciousness and ability.

Complete unconsciousness is death. Half unconsciousness is half death. A quarter unconsciousness is a quarter of death. And as one accumulates the pain attendant upon life and fails to accumulate the pleasures, one gradually loses his race with the gentleman with the scythe. And there ensues, at last, the physical incapacity for seeing, thinking and being known, as death.

How does one accumulate this pain? And if he got rid of it would full consciousness and a full bright concept of life return? And is there a way to get rid of it?

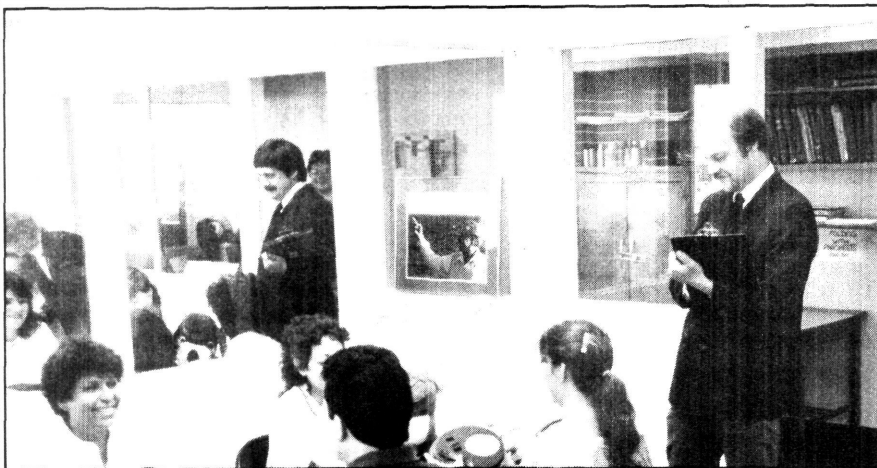

Restore an individual's full consciousness and you restore his full Life potential.

And it can now be done.

## Increase Your Potential Through ASHO Training

Just as realizing your full potential through auditing is valuable, even more valuable is increasing that potential. Training as an auditor gives you the tools that you can use to overcome barriers and gain complete control of your life.

LRH™ says "Auditing skill is a discipline in living and a know-how of the parts of life which is in itself something new in the universe. Even OTs don't have auditing skill since there have never been any auditors behind them."

"There is such a thing as learning. There are such things as data."

"The fact is, that a cleared Zulu is a cleared Zulu. A cleared advertising man is a cleared advertising man. A cleared Zulu is not a cleared advertising man."

"Now a Zulu uncleared has scant chance of becoming an advertising man. But a cleared Zulu would probably be able to become one rapidly. And there's the difference."

"Being clear gives one the potential of being and makes the being rather easy, and fun. Further, being cleared makes it possible to continue to be something. There's nothing wrong with being clear. A person ought to be. The state is so valuable several hundreds of millions of people in the past 2,500 years have concentrated on nothing else."

"But how about getting clear and staying clear forever? The auditor alone with his data well learned could manage that."

L Ron Hubbard™

(Does Clearing Cancel the Need for

Training, 1958)

At ASHO we want you to get clear and stay clear forever. And, with Auditor's training at ASHO, you will!

ASHO has 100% standard supervision in the academy and Saint Hill College. Our Course rooms are booming with over 600 students attending each week on all the different courses that ASHO has to offer.

Many of these students Co: Audit with each other in order to get up the bridge. This is a very effective and economical way to get auditing and ensures one gets the full benefit of the processes as he is learning them while also being audited on them.

At ASHO we encourage every person to get trained. Whether already clear or not it is a vital part of your bridge to total freedom. If you have had trouble as a student, or don't see how you'll ever be an Auditor, ASHO has all the tools to handle this - including the exclusive student booster rundown.

If you need any information as regards how to sign up for course or if you have encountered training difficulties, in any subject, ASHO can help.

## Auditor Saves Sons Life with Scientology®

My biggest achievement in *Scientology* and in my life was this: My 12 year old son was involved in a bad automobile accident. He was hit by a car going at great speed, and was thrown in the air, landing some distance away. He hit the concrete road with his head and the side of his body and was knocked unconscious.

Later in the hospital a team of doctors performed a few operations on my son. One on his leg where the car bumper chopped out flesh all the way to the bone. Another on his stomach for intestinal bleeding, and a third on his head, where they installed some instrument to monitor the pressure of the brain due to internal bleeding.

Some time later he was laying in the intensive care unit in a coma, motionless. At that time he was connected with life support machines. The respiratory machine was doing the work, he was not breathing at all.

Later in the day I found out from the doctors that the situation was very bad - hopeless. They didn't believe that he would be able to make it through the night because he was bleeding badly inside the head and they could not do anything about it.

At this point I became very alarmed and at the same time I felt that I should apply *Scientology* technology on him otherwise we would lose him. Deeply inside my heart I felt that I would be able to save him and eventually put him back on his feet with *Dianetics* and *Scientology* technology that is available.

I started to work on him and in the beginning I wasn't getting any response to any of my commands. Then he started to respond. I gave the command and right away you could see on the instruments that something was happening. The read outs on the instrument panel was changing to a different pattern.

I worked many times a day (six or more processes per day) and each process I ran for about 30 minutes or more at a time. Also my good friend Ron Hill would come in every evening and run the same process for another 30 minutes or more.

Two weeks later on a Sunday morning I started to process him and he was still in

very critical condition. The respiratory machine was breathing for him as he was not. His heart beat was very irregular and brain pressure was close to 30 pounds per square inch, whereas it should be 0 - 3 pounds of pressure. So 30 was very critical. So using the same command I started the session and continued for about 25 minutes. Then something happened. He started to breath himself, his heart beat became normal, and his brain pressure went from 30 pounds down to the 0 - 3 range and remained there.

At this point I thanked him for participating with these processes and ended the session with a very good win. From that point on he was no longer in a critical condition, but he still remained in a coma.

I continued using the same processes. My friend and I would audit him every day. After two months my son came out of the coma.

When he came out of the coma he was totally disabled, was unable to speak, eat, walk, sit, move, or to stand up. I was able to retrain him on how to eat. From this point forward he was no longer connected to the machines and I was able to put him in the wheel chair. By wheeling him around in the hospital I began processing him with CCH commands. He was getting better and better every day and within three months he was at home. Where he had been totally disabled and speechless, he was now walking, talking, singing and was in a good mood. He knew where he was and he knew that he had a second chance to live and he was very cooperative with *Scientology* processes. A month later he went back to school. Even though he had missed four months of school time he was able to maintain the pace in the 8th grade and he graduated. After summer vacation he took an enrollment test to Loyola academy. He passed the test with a good score and is now a good student at Loyola and is physically very close to normal.

I would like to express sincere gratitude to L. Ron Hubbard for his great technology and thanks to Ron Hill who is really a great dedicated friend and Scientologist®.

# GET THE WHOLE PICTURE DO THE SAINT HILL SPECIAL BRIEFING COURSE

How would you like to discover and learn the actual mechanics of Clearing and Operating Thetan? How about getting out of traps and staying out by knowing exactly how traps are formed? On the Saint Hill Special Briefing Course, Ron gradually unfolds, in chronological order, the technology necessary to fully understand and handle life and living beings.

You get a complete and thorough comprehension of such particulars as the chronological development of *Dianetics*® and *Scientology* technologies; the full anatomy of the mind and how this relates to Clearing; enough data about the whole track to prevent you from ever falling back into the entrapments of ages past; how to Clear a person; how to make an OT being; how to stay an OT being; how

to handle people and life and much more!

If you are not yet Clear the Saint Hill Special Briefing Course is a must to take on your route to Clear. This is the route recommended by Ron. The best thing for you is to have this vital data before going Clear and OT. Having this data can give you much greater understanding and certainty about Clear and OT states.

If you have already completed some of the OT Levels then the time to start the Briefing Course is NOW! You're rid of the bank and it's accompanying wrong answers, you're a much more powerful and causative thetan, now what you need is the correct data and operating basics. This you can get on the Saint Hill Special Briefing Course. This is the other side of making Operating Thetan!

## "A chronological study

of materials is necessary for the complete training of a truly top grade expert in these lines. He can see how the subject progressed and so is able to see which are the highest levels of development. Not the least advantage in this is the defining of words and terms, for each, when originally used, was defined, in most cases, with considerable exactitude, and one is not left with any misunderstandings. It is for this reason that the Saint Hill Special Briefing Course checksheet should consist only of the chronological materials, studied in chronological order, excepting only the Study Tapes.... which should be done first..."

"The subject of Scientology is to some degree developed in reverse order. The task was to undercut the current level of Man and this was the general target. Therefore one finds the higher levels publicly spoken of most frequently in the earlier books and tapes (between '51 and '55). In seeking full application to others and attainment for them of their potentials it was necessary to codify the materials and develop processes for them."

"Many people believe that Scientology materials contain mainly processes. They think of Scientology as processing. This is a very narrow view. It is understandable enough as processing is the way out for them. But this neglects the more considerable materials which deal with basics and fundamentals; processes are only one use of these."

"Other people having gotten their smallest toe damp as an HAS then wander off to other fields looking for answers, whereas had they taken Dianetics or Scientology Grade training, to say nothing of the Saint Hill Briefing Course, they would have found more fundamentals than exist in all other subjects combined, a fact which any advanced student of Scientology can confirm."

"Scientology now has more than enough data and technology to handle even the broad problems in the humanities. The main task now is getting it fully used, and along this line there are hundreds of thousands working every day around the world."

"The materials of Scientology are the result of forty-three years of search, coordination and application to millions."

"We are very rich in materials, in results and in the potential future. Through our hardest times we have endured. Into our brightest times we are expanding."

"These materials contain the full basics of the only game in the universe where everyone wins, the game of triumphant life itself."

# THE AUDITOR

## BRIEFING COURSE GRADUATES WINNING IN LIFE

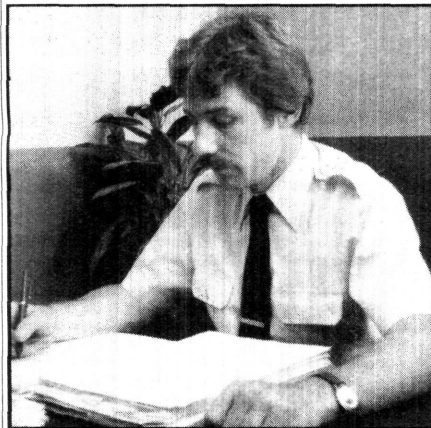

Kathy Morphopoulos

Kathy Morphopoulos finished her SHSBC® in 1982. She is OT® III and a Class VIII auditor. Kathy leads a very active life as an auditor, a loan officer, wife, and mother.

"The Briefing Course changed my life by giving me full information about the situation our society is in and each man in it. You can be cause over the things you understand."

"I wanted to assist others. Personally, I have always been in fairly good shape, but was in despair about our planet in general. **Becoming an Auditor gave me something concrete to do in order to help.**"

"I am a professional after the B.C. I take that attitude towards any activity that I'm serious about. I can see that I have accomplished more in life and am regarded as a professional in the areas that I work in."

Red Van Dyk

Red Van Dyk is the Senior Case Supervisor at ASHO-Day. He is OT IV and a Class VIII Auditor. He came to ASHO from Toronto and trained on the SHSBC in 1982 while on the ASHO Tech Training Corp.

"Before doing the SHSBC it was a state of wobbliness. I wasn't sure what I wanted to do. I could see myself not cracking every case as a Grad IV. I was not effective and in fact my ethics were out because I wasn't getting better technically."

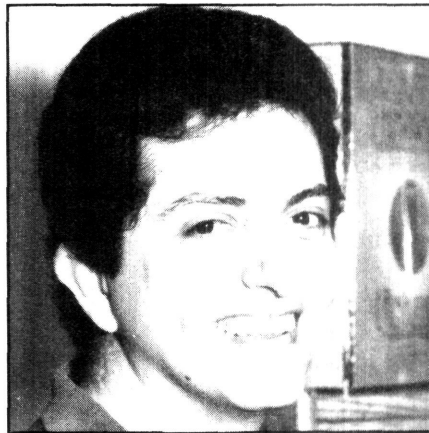

"The Briefing Course gave me data about life so I could understand it. It then changed my viewpoint from a smaller game to a larger game third Dynamic wise. It made me a more active member of the third Dynamic and put me at cause as an Auditor, as a staff member, and as a being."

"My favorite part of the BC was listening to the tapes because it was like being there with LRH and being able to duplicate his discoveries and

research."

"I use the data as a Senior C/S on my post and it is obviously a big factor in successful application of Standard Tech™. Recently I have been aligning programs for successful Auditing of PCs as well as cramming Auditors on materials on the BC where misunderstood words are found. They can align their training better and get better results on PCs. Its a win for Keeping Scientology Working."

"The SHSBC isn't something one should do eventually or if they can. It's a must. **It is something one has to do to survive as a Thetan and to help others.** It also means being able to survive this universe with the tech of traps so one can apply it and not be effected by those traps."

Jorge Pedroza

Jorge worked in sales in Mexico before coming to do the SHSBC full time. He recently finished his SHSBC on 10 October 1989, and is now on the Class VI internship.

About the Briefing Course- "I use to withhold myself from exerting my potential. Now I do things much more overtly. I am no longer respectful of the bank. I came out of the figure-figure concerning life and the bank."

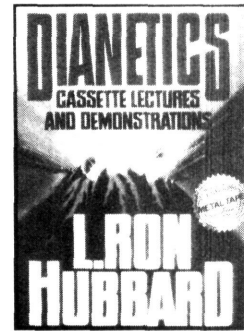

"Having the data to clear a being and the data to keep me OT forever certainly gives a whole new outlook. The application of the knowledge to life makes it obvious how to do things and how to predict people. As far as auditing is concerned, it is great to apply tech by principles and definitions rather than by rote procedures, it makes it much easier."

"It is very hard to say what my favorite part of the BC was, but- I probably liked the tapes the most. Ron describes and explains things to you in an easy going style and with lots of jokes and examples. **Certainly each tape is like an afternoon with Ron over a cup of coffee.**"

"The SHSBC can be done by anyone, the gradient is perfect, and anybody can win with the BC. The only barrier is out ethics, and if any consideration keeps you from doing the BC, it will certainly be a barrier to your life. Besides I'd like to ask: Do you want only 50% of the gains available from the Bridge? Right! You would not want to be half OT!"

## TRAINING SUCCESSES

"This was a totally OT® experience! After so much data, and so many new things learned, I am at last a Class VI! I had so many incredible wins, too numerous to mention, but the biggest is I have answered all my questions and know I can audit anybody. Thanks to the OT staff of ASHO and my friend LRH who I will miss spending days at his lecture with." Love, B.M.

"I have come across an occurrence which exemplifies why I'm on the Briefing Course and it's the thing which makes the SHSBC THE course to do, especially for untrained OTs."

"So here I am, on Level D, plugging away at my tapes (only 93 of them on this Level) and I've come to tape #233 entitled 'TRO'. Now, Ron has talked about TRO for 'some years' (I'm in the 1963 era of the BC) so I expected nothing particular when I put this tape on the machine."

"Well, about 10 minutes into the tape, I was so blown out I had to come and write this success story. In this tape, with Ron, I 'first discover' TRO Bullbaiting!! This is the first time he's coached a student, not as a motionless pc but as a pc in motion."

"It is the 'discovering it all with Ron' that makes the SHSBC THE course to do! I'm getting the history of auditing so my KRC is as high as can be - and of course as an interned Class VI, and then interned Class VIII, I'll be at the apex of auditing KRC. But, in the mean time, Daily, I'm discovering the tech with Ron!! Love P.W."

"This course has changed my life. I have so much more understanding of what this whole game is, and so much more affinity for everyone around me."

"The data is incredible I don't know how I survived with out it. I sure survive better with it."

Thanks Ron. P.O.

"This has been the most expansive course I've ever done as an Auditor."

"It's opened my understanding of the mechanics of the mind and of Auditing and made me that much more certain. I loved this Level." T.P.

"Where do I begin. This has been the greatest, most worthwhile cycle of action I have ever done. When I recall my condition back in March 1985, and look at myself now, I am shocked and

amazed at the amount of change as a being I have gone through."

"I cannot list all the changes for the better as there are too many, but just to say, my stability, confidence, and responsibility are amongst the many things that have skyrocketed."

"The Briefing Course is the manual for life. The tech and know how on this course is nowhere else available. I feel totally unique in that I have had access to the history and research line of *Scientology* and the great, great wisdom that LRH has imparted."

"I am very, very lucky. This tech has taken me out of the 'wonderings' about life and placed my feet firmly on the ground, ready for anything."

"I have had many, many wins, too many to enumerate here, but just listening to the tapes (400+) got me more case gain, I'm sure, than many intensives could have."

"And, finally, my respect for the man, *Ron Hubbard*, has just multiplied. When you do the B.C. you know just what he went through to get us the tech, and you can't help but feel tons and tons of admiration for his wisdom, persistence, courage and his enormous love of humanity. No finer being has walked this earth."

"Thanks to the B.C. guys for all the help. The future is bright" J.H.

## Be Able to Handle POWER

## The Communication Cycle

by L. Ron Hubbard

Basic auditing is called basic auditing because it goes prior to the technique. The communication cycle must exist before the technique can exist.

Now, if you had a man lying unconscious in the street, you certainly wouldn't be thinking up what technique to run on him. If you wanted to bring him back to life and livingness, what you would want to do is get him to talk to you, or breathe, or flutter an eyelid. That would be something. Oddly enough, the communication cycle all by itself will cause him to flutter that eyelid.

You can take an unconscious person who has been in a coma for some time, and by picking up their hand and making them touch the pillow, and even touch your arm — you know, picking up the hand (they have no volition here) — picking up the hand, touching the pillow (giving them the command at the same time, talking), and so forth, that person will come back to life. This is the greatest magic that anybody ever saw. It's very startling, but look, you're just trying to get this man into communication with the auditor and communication with his surroundings. And there's no technique.

So, that should demonstrate to you that the fundamental entrance to the case is not on a level of technique, but on a level of the communication cycle. Now, all you have to do is mark out how many branches of this communication cycle can there be.

There can be a communication cycle between the pc and the auditor, and the pc and the auditing room. And that's about it.

Now you can get particular, and you can have parts of the auditing room, or you can have specific portions of the auditor or the auditor's beingness. And then if the person is already in a communication cycle with the auditor, you can go afield and start to address his present time problems. Now you can address whether or not his wife fixes the tea properly or puts arsenic in the coffee, as he is worried about.

But this, of course, because it is distant from where you are sitting, requires a technique. First you have to know what he is worried about out there because it is not present and visible for you to see, or for him to see. So the technique selects out what he is worried about. And now you're into techniques and processing, having left the field of the communication cycle. If the field of the communication cycle with the auditing room and with the auditor is all solid ground, you can now worry about technique.

Communication is simply a familiarization process based on reach and withdraw. Even when you speak to a pc, even when you speak to a person, you are reaching; when you cease to speak you are withdrawing. When he hears you, at that moment he's a bit withdrawn — but then he reaches toward you with the answer.

And you'll see him go into a withdraw while he thinks it all over. "Why did my grandmother have to marry the girl?" He thinks that cycle through on a withdrawal, and then he will reach back to the auditor.

The fundamental of auditing is the communication cycle. *That's* the fundamental of auditing! And that is really the great discovery of Dianetics and Scientology. It is such a simple discovery, and everybody does it. But

*Your handling of a communication cycle ought to be so instinctive, and so good, that you are never worried about what you do now.*

do you realize that nobody knew anything about communication when it came along? The number of chaps in communication companies and that sort of thing, who fall around our neck saying "Really?" you know?

You say, "Well, communication, it consists of cause, distance, effect." "Yeah! By golly, it does, you know!"

It's a fundamental that everybody knew was there. They've been watching apples fall off trees for a very long time and Newton had to come along and see an apple fall off a tree, see? And he said, "Hey, apples fall off trees, and when they leave the tree they hit the ground!" Everybody

says, "Wow!" you know? "Terrific!" And his name has gone singing down through the ages, because he noticed that apples fell off trees.

It's always this sort of thing which escapes the attention of people. Because MEST is very complex stuff. Therefore, people who are very plowed into matter, and who are themselves thinking as matter, think very complexly. And they cannot observe the simplest things with which they are confronted.

The ease with which you can handle a communication cycle depends on your ability to observe what the pc is doing. We have to add to the simplicity of the communication cycle *obnosis* — the observation of the obvious. If the pc hasn't been talking to you, and if the pc hasn't said anything to you for a very long time, it is no time for you to be thinking on the subject of "What do I say to the pc?"

Please! I invite your attention to the fact that your inspection of what you are doing should have ended with your training, and thereafter is taken up exclusively with the observation of what the pc is doing or not doing. Your handling of a communication cycle ought to be so instinctive, and so good, that you are never worried about *what you do now*. "I wonder how my acknowledgement was that time. Did I say 'Okay' in an artificial frame of voice or should I ..."

No. The time for you to get all this fixed up is in training. In actual auditing, the communication cycle that you watch is the pc's. You know yours is good, so you don't worry about it any more.

This is what makes the auditor who can crack any case, and when it's absent, you have an auditor who couldn't crack an egg if he stepped on it.

I'm talking to you about something that's so simple. It simply consists of

asking a question that the pc can answer, and then observing that the pc answers it. And when the pc has answered it, observing that the pc has completed the answer to it and is through answering it. And then giving him the acknowledgment — bang! Saying "All right. You finished that," and then giving him something else to do.

Ask a question that can be answered, and then ask it of the pc so the pc can hear it and knows what he's being asked, and then the pc answers the question. Be bright enough to know that the pc is

answering that question, not some other question — and to know when the pc is finished. This is a very interestingly developed instinct, and if you don't develop that instinct, you're very often lost.

Knowing he's finished, then you tell him he's finished. Actually, if you said "Okay. Good," you might as well say "You have now found the answer to the question and you have said it." That's the magic of acknowledgement.

But when you don't have that sensitivity, the pc answers, gets nothing from you, you sit there and look at him; his social machinery goes into response that "We must not be sitting here quietly doing nothing." Some pc's take up humming, I hear — because the auditor hasn't acknowledged and given them a new question! The auditor just is not there, that's all.

Now, it's all very well to do that sort of thing in training, and it's forgivable, but not in an auditing session, really. Don't stand there

tangle-footed saying, "What do I do now?" Because at this point the pc is going to overrun.

All right, that's all there is to that cycle. Now, for heaven's sakes, get yours sufficiently well repaired so you don't have to worry about it after training. After that, spend your basic auditing doing nothing but repair the communication inabilities of the pc, and you will be a genius!

# New TRs Checksheet Incorporates Clay Table Processing Breakthrough

The newest LRH film, *TRs In Life*, shows the consequences of trying to function in life with out-TRs. Each Training Routine from 0-9 is covered, demonstrating vividly what happens when that TR is out.

TRs are so out in our society that the English language does not even have a word to express the idea of "being there comfortably and confronting."

As Ron says in HCOB 4 Jan 1973, CONFRONT:

*Awareness is the ability to perceive the existence of. In the dictionary it also fails to confront that and says "Awareness: the quality or state of being aware." And Aware means: "marked by realization, perception or knowledge."*

*So these chaps couldn't confront and so conceived awareness to be figure-figure.*

*We are moving out of the range of language when we want to say:*

*"He could stand up to things and wasn't always shrinking back into himself and avoiding, so he could be fully conscious of the real universe and others around him."*

*And that's what Confront means.*

*If one can confront he can be aware.*

*If he is aware he can perceive and act.*

*If he can't confront he will not be aware of things and will be withdrawn and not perceiving. Thus he is unaware of things around him."*

The consequences of being unable to confront are often embarrassing, sometimes disastrous.

A businessman who doesn't want

to confront an important meeting may actually miss his plane or forget his notes.

An alcoholic actually can't confront an empty glass.

Husbands and wives who can't confront each other end up in divorce courts, letting an attorney do the talking for them.

A student auditor may get flustered ruin a whole session with

the wrong acknowledgment — or none at all.

Today, there is an answer for each of these individuals: the *New Hubbard Professional TR Course*.

In the late 1970s, Ron was training top auditors from all over the world

to deliver a new rundown. He found that these auditors *could not do correct TRs*. It was necessary to upgrade the quality of TR training internationally before the new rundown could be released.

Digging deeper into this situation, Ron found that the basics of communication were generally unknown, and that clay table work on communication had been dropped out of the training lineup.

Through extensive pilots he found that the maximum benefits were obtained by using clay table processing, rather than clay demonstrations, to remedy these out-basics.

What is clay table processing, and how does it differ from clay demonstrations?

Clay table processing is an objective process that Ron developed at Saint Hill in the early 1960s. The data on this incredible technical

*TRs Clay Table Processing handles the barriers to smooth, effortless TR drilling*

breakthrough is covered in Volume 5 of the Technical Bulletins.

TRs Clay Table Processing handles the barriers to smooth, effortless TR drilling. Students, even those with no previous auditor training, deliver it to each other on the *New Hubbard Professional TR Course*. Ron's *Clay Table Processing Picture Book* makes it simple.

After this processing, students discover that doing the TRs to Ron's standards — as demonstrated in *The Professional TR Course* film and in five model auditing tapes by Ron — is not only possible, but practically effortless.

Both technical films on the course have just been upgraded to high quality 16mm, with greatly enhanced sound and picture quality. The checksheet covers the basics of communication in full, including the latest edition of *Dianetics*! 55 — fully verified against Ron's original dictation tapes and advices. The course lectures and model auditing tapes have been re-released in Clear-sound technology. Even the pack is new and fully indexed.

Best of all, course supervisors from all over the planet have just been trained to deliver TRs Clay Table Processing so you can get started immediately.

### Professional TRs Wins

"I have just completed the new Pro TRs Course. The abilities and certainty that I have gained are so fantastic that it's hard to put into words. I am a much more stable being. Since the first day of starting the Clay Table Processing I have been exterior. I can communicate easily. I am very calm and relaxed.

"I feel like I've attained a new state of awareness. I am very certain that there is no situation that I can't handle. I have attained numerous abilities that I wouldn't expect to gain from the TRs course

(maybe from the L's or OT Levels) such as being stably exterior, unserious, high-toned, more able to project intention and cause things, to make my postulates stick, to recognize the source of problems and handle them with ease, to keep things simple. I don't have any attention on the past. I don't figure-figure on things, I just make decisions and act. I can observe what's there and my perception and confront is terrific. My ARC has increased tremendously. Thanks to LRH for this incredible tech — especially the Clay Table Processing." PJ

#### TR Lectures

What do perfect TRs sound like?  
Buy the Hubbard Professional TR Course Lectures!

There is only one standard for TRs, and that is perfect TRs. Without them you will find yourself, sooner or later, in a situation you can't deal with. As an auditor, you may do fine in routine sessions but freeze up when the pre-clear does something startling. In life, you may be faced with a difficult situation and find yourself unable to cope.

That is why Ron gave the lectures and demonstration sessions that comprise the Hubbard Professional TR Course and Lectures.

These tapes will provide you with a model of perfect TRs in a variety of sessions situations, as well as vital data on how to make yourself understood and how to handle originations.

The Hubbard Professional TR Course Lectures are required on the New Hubbard Professional TR Course and indispensable to any thetan who hopes to survive in today's world.

"It would take a film or live demonstration to communicate a high standard of performance in a purely action subject. For instance for centuries no one believed that Robin Hood could split his first target arrow with a second until a new generation worked on it and a few painfully recovered the lost art of archery and then demonstrated how it was done for others to see.

"Tapes and films serve a vital purpose in maintaining a performance standard."

Do you operate at cause in all areas of life, or are there situations that put you at effect?

# CLAY TABLE PROCESSING

## Successes

TRs (Training Routines) are exercises that increase your communication skills and your ability to confront situations of all kinds — in life and in auditing others. If you can't handle any session or social situation, no matter how rough, with communication alone, the answer is to get your TRs in on the New Hubbard Professional TR Course.

This course now includes an action called Clay Table Processing, which handles factors that would otherwise block you from acquiring these skills.

"For 18 years in *Scientology* I have had a crashing ruin on communication. Clay Table Processing handled it in about 18 hours. After Clay Table, my understanding of communication is total. I have no doubt about my ability to handle communication, my space has changed, my life has become simpler. Passing TR-0 was almost effortless."

C.T.

"This has been a *great* action! I feel much more able to communicate — and comfortable while doing so. I know I'll be a *lot* more effective as an auditor and in life in general. Though when I originally did Pro TRs I felt great about it, I felt there was still something missing that I couldn't put my finger on. This is mostly handled now even though I haven't started the drills yet!"

S.C.

"The Clay Table Processing was awesome. It feels like it separates the thetan [spiritual being] from the physical universe and allows him to be there comfortably and perceive. I think I finally completely understand TR-0 [confronting]."

B.C.

"This was incredible!!! I've done many Pro TRs courses but I never made the comm cycle mine — with the Clay Table Processing it finally became *mine*! I was amazed at the amount of wins I had during this processing — truly amazed!!"

C.M.

"This supplied the missing piece in my understanding

*"TRs not only form the basis of communication and auditing, they also regulate the lives and fate of individuals."*

— L. Ron Hubbard, in the film *"TRs In Life"*

of the TRs — and in life itself."

L.S.

"Wow, wow, wow, wow! I definitely feel able to communicate! I definitely got my basics in. I got an objective look at the things I was doing every day without realizing it — and the things I *wasn't* doing. I used to regard the comm cycle as a piece of tech in some book that you should 'try' to get in. Not any more! I feel that it's *my* comm cycle. I totally feel that I can use it."

R.D.

"This was truly incredible. I had never expected to gain so much from the Clay Table Processing. My ARC [affinity, reality and communication] and KRC [knowledge, responsibility and control] have increased

tremendously. I feel totally at cause over communication; the Clay Table Processing really put it together for me. I want to thank my auditor, supervisors and the staff. And most thanks to LRH for this life-changing technology."

S.B.

"The Pro TRs clay table auditing has been a really rewarding experience. Working with clay brings about a total certainty of knowing what you know."

H.D.

"The space around me looks different. Communication is an absolute pleasure. This has been a totally pleasurable experience and I'm handling, with communication, things I've been non-confronting for years. It's great!"

D.M.

"Now I see the comm cycle as it actually is — very simple. I find myself free on communication and no longer in conservatism. I don't have any more backoff on expressing my feelings, or attention on my way of expressing them."

I.R.

"This Clay Table Processing is one of the best things I've ever done in *Scientology*! It hits at the basics from which all great successes are built. I believe the world will undergo a considerable change as more and more people complete this action."

M.M.

"These processing steps handle at least 50% of all the non-confront, problems, lack of perception and difficulties BEFORE you even hit the actual training drills. So when it comes time to drill, you're halfway there!"

L.W.

"I have never felt so confident about my ability to apply data and to communicate. My perception and my TRs have both improved."

P.W.

"This Clay Table Processing is phenomenal!"

"Step by step I am blowing [causing to vanish] the stops and barriers on my ability to communicate."

"I can see how vital this course is for the future of humanity."

M.D.

"This Clay Table Processing is beyond my wildest imaginings. It is so directly related to ALL the things I wanted handled. I feel in present time and ready for a bright future."

M.M.

"I just had my first session of TRs Clay Table Processing, and I feel marvelous. Doing it exactly per the directions caused immediate results. I feel exterior, light and causative."

# THE NEW HUBBARD® **PROFESSIONAL** **TR** *Course* Successes

**Training Routines can dramatically increase your ability to be at cause and communicate. The New Hubbard Professional TR Course was created by L. Ron Hubbard to ensure all auditors get 100% standard results on their preclears and become experts at handling life.**

**It includes Clay Table Processing and two technical films personally scripted and directed by LRH, as you will read about in this issue of *The Auditor*®.**

"This is the best I've ever felt about my TRs. The Clay Table Processing had the effect of dropping into place the many parts of communication I was missing. So when I went to drill it, it was much less *drill* and much more natural. Then I just had to drill out some past false additives to make the whole thing completely natural. I was even a bit surprised at the ease with which I handled the 'impossible' originations on the supervisor checkout. This course is a milestone which will change the face of *Scientology*® on this planet. This isn't just a 'nice new course,' it's *vital* and the rest of the training Bridge depends on it.

"My gratitude to all."

**R.M.**

"The *New Pro TR Course* is 100% totally fantastic. The one main thing which it gave me is a handle on life. Clay Table Processing on this subject will achieve the same for everyone — far more understanding and more living."

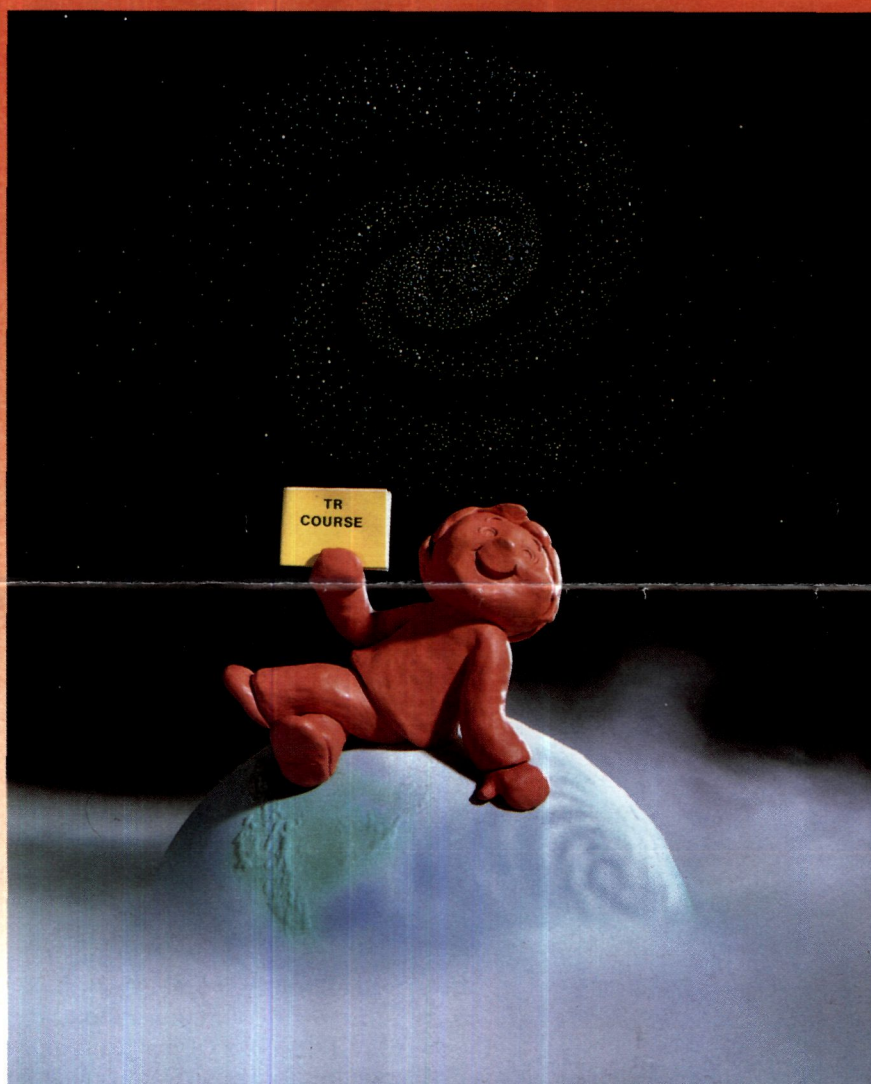

**S.L.**

"I knew it was going to be wonderful, but I didn't know how wonderful. Just in life and livingness I am still having realizations from the auditing. And the best part is that for the first time ever, I can say that my TRs are in and *know* they are!"

**W.C.**

"Since I completed the new Pro TR Course I've found that I

## BE ON TOP OF THE WORLD!

can really be cause over communication. My communication lines have really opened up. I can communicate or not as I choose, and I'm much more willing to receive communication."

**M.J.**

"The way this course changed my life is incredible. I know that I recovered all my force and power. I'm handling situations that at other times were really very hard. Now I'm a confident person because I have my TRs in."

**C.G.**

"I had great wins and realizations as to the simplicity of the mechanics of communication.

I had been adding complications. At last I can communicate effectively! Thank you, LRH, for a wonderful gift."

**D.B.**

"I feel like I've attained a new state of awareness. I am very certain that there is no situation that I can't handle."

**P.J.**

"This course will change the planet! At one point I had a realization of such magnitude that I was about to run out and handle the planet right now! And, by golly, it will be done. I never had that certainty until this course!"

**D.S.**

"When I did a Pro TR Course several years ago, I was confident in my TRs. What occurred when I did the Clay Table Processing was quite unexpected. It revealed flaws in my TRs that had been overlooked. It brought into crystal clear view the types of situations I still couldn't handle because I had never been drilled on them. I wasn't prepared to get *this much better*. Thank you from the bottom of my heart."

**J.M.**

"I found the exact faults in my TRs. I knew they were not perfect but I was getting by. They are now as good as they could possibly be."

**P.M.**

"I am more comfortable with my communication now. My duplication is better. I'm really happy. This will be a really good action for new persons in *Scientology* — they will progress rapidly after doing this course!"

**M.D.**

"My responsibility level has increased by several notches. I cleared up some past experiences that were preventing me from communicating."

**K.N.**

"I've rarely felt so calm — and rarely, if ever, so aware."

**J.B.**

"This has really been fantastic, a real treat and completely unexpected fun. Communication is a whole new adventure, no vias attached, no somatics attached, just communication. Life has been going a lot smoother. Communication is the simplicity it should be. It's been a very comfortable experience."

## SCIENTOLOGY® WHERE EVERYBODY WINS

**A** Scientologist is the being three feet behind society's head. And society runs on eight dynamics, not in a sick room. Some of us, of course, would become professional practitioners. But a professional Scientologist is one who expertly uses Scientology on any area or level of the society.

A housewife who does not have professional level skill in Scientology could not expect to run a wholly successful family or keep order in her neighbourhood and keep her family well. A factory foreman could not possibly handle his crew with full effectiveness without professional Scientology skill. The personal assistant to a corporation executive could not do a fully effective job without being a professional Scientologist. A corporation president without a certificate will someday fail. And the head of a country would go to pieces if he didn't know Scientology from a professional angle.

How can these people handle life if they have no expert knowledge of how to handle life.

Now we don't expect everyone in the world to become a trained auditor. But we expect the people who are making the world to have a knowledge of how to make it go.

A trained Scientologist is not a doctor. He is someone with special knowledge in the handling of life.

We have many, many personal success stories in Scientology. They

begin with a book acquaintance and bloom when professional skill enters the background. These people, small people, big people, drove a wedge for themselves into companies, societies, with Scientology and then took over control of the area. They succeeded where they never would have dreamed they could. And every time one of us

drives in such a wedge, we all win because the world is brought nearer to a sane and decent world.

The factories, the marts of trade, the homes, the neighbourhoods, these are the places we want trained Scientologists. In that way alone, we're on the busy, still healthy communication lines of the world.

Any trained Scientologist can win to success in society. Heightened IQ, a knowledge of life, a forthright attitude—with these things it is easy for him or her to improve a social or business position, to get higher pay, to exert wider personal influence. This we know we can do, we have done it so often so let's improve the ability.

Process people weekends, run a co-audit some evenings of the week at home, but get on the active lines of the world and make your presence felt.

It takes full training to do it. It's been done from our books alone but not always well. It takes tough Academy training to make a Scientologist, so don't go at it half armed.

And stop feeling apologetic because you are not a "full time auditor". We are the auditors to the world, not to a handful of the sick.

We are not doctors. We are the world's trouble shooters. When we make a company win, the whole world wins, when we make a neighbourhood win, we all win.

A full time Scientologist makes life better wherever he is. And that is enough pro activity for anyone.

What do we expect of you? To become the best Scientologist that can be and to get on the comm lines of the world and bring a big win where it counts. We don't expect you to hang up a shingle as a

## DIANETICS® TECHNOLOGY SPONSORS GOODWILL GAMES

The Goodwill Games were put together because politics had begun to invade the purpose of the Olympic Games. The USSR and USA had boycotted the 1984 Olympic Games and this ruined the chances of top athletes to compete under world class conditions. In 1986 the Goodwill Games were a dream come true for Ted Turner, owner of Turner Broadcasting which is the major cable network in the US.

DMSMH was there backing him up and placing ads during the games. In that same year DMSMH went back onto the New York

Times bestseller list after 36 years—a first in publishing history!

And again in 1990, DIANETICS is once again on the New York Times bestseller list and DMSMH was asked to become an official sponsor of the next Goodwill Games. The 1990 Goodwill Games will take place this summer in Seattle, Washington U.S.A. from July 20th to August 6th. There will be over 500 hours of television coverage that will be watched by 1 BILLION viewers world-wide.

DIANETICS is one of the key sponsors of this international event

along with Pepsi-Cola, Sony, Kodak, Sports Illustrated, Boeing, Frito-Lay, Gillette and Budweiser and will be promoted as such in the TV ads during the 80 hours of exclusive cable TV coverage.

DIANETICS will be the official sponsor for the Gymnastics event and will be sponsoring #1 US Olympic gymnast, Charles Lakes, an LA Scientologist and ASHO public. Per survey, Gymnastics has been found to be the most viewed sport and there will be a large Dianetics logo right on the mats

## CHARLES LAKES... OLYMPIC GYMNASTICS CHAMPION

Los Angeles Scientologist Charles Lakes has been a member of the United States National Gymnastics Team since 1984 and was in the US Junior National Team before that.

Charles Lakes is the top US Olympic Gymnast of the Seoul 88 Olympics and he is going to be competing in the 1990 Goodwill Games this summer.

When asked when he started his career, Charles answered that he can't remember a time when he was not doing some sort of gymnastics. He recalled that as a child he used to do flips on his bed and actually broke the bed and some lamps. At the age of 11 he saw the Olympics for the first time and learned that what he'd been doing had a name and an international competition and he told his parents he wanted to be an Olympian.

Charles feels that his success is due to his use of DIANETICS technologies. From watching the Olympics over the years he noticed that it is often the pressure and stress of performing that would make or break a professional athlete into a champion. Charles says "I knew there was a mental side of being a success in any profession. As well as athletic skill and expertise, you have to have confidence, motivation, concentration, discipline and perseverance. Without those abilities you're not going to make it."

That's why Charles majored in psychology at the University of Illi-

nois in 1982. However, Charles was disappointed in the lack of results in his studies and when one of his friends had a copy of DIANETICS: THE MODERN SCIENCE OF MENTAL HEALTH, he decided to read it. Says Charles, "I'd already heard of DIANETICS, of course, since I was from LA but I read the book and it blew me away. There was my major all in one book!"

He then became a BOOK ONE™ auditor and found out that DIANETICS works. According to Charles, DIANETICS helped him gain more control in life as he now

understood what was going on when things weren't going well.

But in 1986 he left school to train and also dropped his involvement in DIANETICS because he "thought he didn't have the time."

When the 88 Olympics began he saw a favored athlete take a fall and lose the GOLD MEDAL due to not being able to handle the pressure. Then and there, Charles decided that now that he was going to the Olympic trials after 12 years of training, he was not going to lose it because he neglected the mental side of world-class competition.

For a long time he'd been criticized as being a "hot and cold" athlete, not "consistent", etc. He realized he knew about DIANETICS and got connected to ASHO where "they took care of me".

He started out in the top 6 and in just three weeks he went from 3rd place to being the #1 US Gymnast. He was getting auditing during these trials and had to improve incredibly in order to overcome the earlier high scores of the other top US Gymnasts.

He was criticized once again, not for being "hot and cold" as this was no longer the case, but because he "wasn't training correctly" and was "lazy" because he spent only 1½ hours a day training at that time. Despite the criticism, Charles felt that he had an edge due to the time he spent doing DIANETICS.

Charles stated "I felt great mentally, I felt nothing of the nerve-racking pressure of the Olympic trials. In fact I just went out there to compete. AND it's stable, I know I'll always be an Olympian!"

Getting ready for the Goodwill Games qualifications, Charles claims that DIANETICS has done so much for his gymnastics that he wants to help other athletes by making this available to them. In fact he wants to make DIANETICS technology the only valid mental therapy in sports that he feels it is. "I'd like to be blunt about it, if you don't use DIANETICS you cannot consider yourself a professional, as you're neglecting 90% of the game—the mental strength to handle the rigors and pressures of competition."

Advice from Charles: "Imagine the exact mental problems that you could have in any athletic competition. You've done your routine hundreds, thousands of times and you've got it down physically. But what about the upsets, the worries about an error you made when training? Imagine what it would be like if you didn't have to deal with that and just go out there and do your best. Could you afford not to learn DIANETICS therapy? I think not! Read the book at least!"

Charles is looking forward to continuing his DIANETICS studies and moving on to the Goodwill Games and later the 1992 Olympics.

Using a machine without understanding it can be dangerous - especially if you don't even know the basics of starting and stopping it.

Yet modern "education" leaves you in exactly that position with regard to your own mind, the machine you use more than any other. It remains a mystery, beyond your understanding and control.

The legendary Power Processes were first released by Ron at Saint Hill in May of 1965.

The breakthroughs of Power Processing created a worldwide stir with their incredible results. Ron had isolated and handled the factors that pinned a being to the bank, thus limiting his ability to handle his own power.

These confidential processes are available only at Saint Hill organizations as they require a high degree of expertise to audit and to C/S.

Power Processing and Power Plus Processing handle a thetan's ability to stably handle power. They knock out factors that limit ability and awareness, free you from major and long-standing barriers and restore power and capacity as a thetan. The Power Release is a new being with a tremendous capability to learn and act.

doctor and have a private practice. We'll respect you if you do. But we'll respect you just as much and even more if you get trained as a pro and go out and up in the world of action and of life.

Hit for the key spots by whatever means, the head of the women's club, the personnel director of a company, the leader of a good orchestra, the president's secretary, the advisor of the trade union—any key spot. Make a good sound living at it, drive a good car, but get your job done, handle and better the people you meet and bring about a better earth.

Scientology is the only game on Earth where everybody wins.

So let's help the world win.

with lots of other DIANETICS signs throughout the stadiums.

Fifty countries around the world will be sending their elite athletes to compete in this world class competition. There will be 2500 professionals competing for the honors after having made it through a series of qualifying contests. This is what makes the Goodwill Games unique. Only the very top 8 athletes of each category will be specially invited to participate by the Sports Federation of their country.

This 17 day event which is co-sponsored by the Soviet Union has the motto "UNITING THE WORLD'S BEST"™ and also features international professionals in other fields. There will be an art festival including music, theatre and dance competitions. It will be viewed in over 25 countries throughout the world. Here is a planet-wide message of hope, as stated by L. Ron Hubbard, "Ideas, not battles, form the forward progress of mankind."

# THE AUDITOR

The Monthly Journal of Scientology® — Issue 234

Published by the American Saint Hill Organization Day and Foundation, 1413 Berendo St. Hollywood, CA 90027 Telephone (213) 660-5553

I frequently get folders coming from various areas which contain the auditing of various orgs and franchises and the C/Sing of many C/Ses.

The most recent batch, in sessions around June and July of this year show

(a) That better auditing is being done in general.

(b) That small flubs are preventing full case results.

When you look at a 2 hour session and see that the auditor chopped the cog to save 30 seconds, when you see an auditor fail to fly a rud and then start in on a major action. When you see a session ended off with the TA at 4.0, you wonder what's going on. Then when you see a C/S give a well done for the session, you know.

It's these little tiny icky-picky points that hang up the pc and rob the HGC of all those smiling faces.

These points may be small but there goes the end result

## FLUBLESS AUDITING

by L. RON Hubbard™

Exact, precision auditing is what it takes.

There is a new look on C/Sing, will shortly be out as a book.

Now the only thing that can keep your tech quality from showing up as winning cases are these corny flubs.

I say "corny" because you all know better than to leave a chain unflat and unrepaired, better than to start a major action without setting the case up with an F/N, better than to run multiple somatics or unreading items.

Now the message is just this:

We have come a long way

in handling tech. We have Dianetic technique in the bag, we have all our Scientology back.

We have VIII auditors and C/S tech that's great. And we are using these things now. That's a whole fistful of plus points.

Now don't drop the whole lot by letting a lot of little petty, corny errors creep in every few sessions per case.

Just one is enough to make a case run badly. An auditing goof unrepaired for more than 24 hours can make a pc ill.

So let's get those F/N VGIs to the examiner one for one.

If you do you'll have it made - made - made.

It's like we made the Andes like a breeze but can't tie our shoelaces.

Come on. One for one at the Examiner with F/N VGIs.

Do that for me will you?

## CRACKING YOUR CASE AT ASHO

American Saint Hill is not only the home of the Saint Hill Special Briefing Course, but it is the home of the Case Cracking Hubbard® Guidance Center. Here is the place Scientologists come to for a 100% Standard handling and resolution of their cases, where ever they may be on the Bridge.

What is Case Cracking? Per the Technical Dictionary, case cracking is

"This section audits cases

(students or HGC pcs or other pcs in difficulty such as field auditor rejects) to a result." At ASHO we specialize in bringing about a complete resolution to your case and sending you on up the Bridge® to full OT®.

Case Cracking Auditing can be done at any point on the Bridge; whenever you feel that there is more to be gotten from your auditing.

Also, ASHO has been designated by LRH as the place to go

## Go Clear on the Clearing Course

For those who did not go Clear on *NED* auditing, your next services after *NED* auditing are Grades V (Power) and VA (Power Plus), the Solo Auditor Course and *OT* Preps and Eligibility which you do at ASHO Day or ASHO Foundation. Then you are ready for your last two steps toward Clear which you do at the Advanced Org: Grade VI (R6EW) and the Clearing Course.

**Grade VI — R6EW (R6 End Words):** R6EW means Routine 6 End Words, and end words are the common denominators of the basic components of the reactive mind\* itself! One can attain a release resulting in a return of one's power to act on one's own determinism and freedom from dramatization.

**Clearing Course:** On this course one confronts and runs out the basic item of the bank, erasing one's reactive mind! The result is the *State of*

The legendary Power Processes were first released by Ron at Saint Hill in May of 1965.

The breakthroughs of Power Processing created a worldwide stir with their incredible results. Ron had isolated and handled the factors that pinned a being to the bank, thus limiting his ability to handle his own power.

These confidential processes are available only at Saint Hill organizations as they require a high degree of expertise to audit and to C/S.

Power Processing and Power Plus Processing handle a thetan's ability to stably handle power. They knock out factors that limit ability and awareness, free you from major and long-standing barriers and restore power and capacity as a thetan. The Power Release is a new being with a tremendous capability to learn and act.

If you did not go Clear on *New Era Dianetics*®, Power Processing is a vital step on your road to Clear and Total Freedom. Sign up now! CONTACT THE REGISTRAR TODAY AND SIGN UP FOR POWER PROCESSING!

# TAKE THE ROAD TO CLEAR AND EVER-EXPANDING ABILITY AS AN OT BEING

## Do the Saint Hill Special Briefing Course

How would you like to discover and learn the actual mechanics of Clearing and Operating Thetan? How about getting out of traps and staying out by knowing exactly how traps are formed? On the Saint Hill Special Briefing Course, Ron gradually unfolds in chronological order the technology necessary to fully understand and handle life and living beings.

You get a complete and thorough comprehension of such particulars as the chronological development of *Dianetics*® and *Scientology* technologies; the full anatomy of the mind and how this relates to Clearing; enough data about the whole track to prevent you from ever falling back into the entrapments of ages past; how to Clear a person; how to make an *OT* being; how to stay an *OT* being; how to handle people and life and much more!

If you are not yet Clear the Saint Hill Special Briefing Course is a must to take you on your route to Clear. This is the route recommended by Ron. The best thing for you is to have this vital data before going Clear and Operating Thetan. Having this data can give you much greater understanding and certainty about Clear and *OT* states.

**Sign up for your Saint Hill Special Briefing Course today!**

"...Persons continuing to play the body game limit themselves in various ways and by the nature of life and this civilization have their ups and downs even when well processed. If they have attained a relatively high state as a bodied person they can however be rehabilitated, usually simply by running out their overt acts and withholds and restoring their exterior perception: they are, however, despite their continued physical beingness, quite capable of easily assuming their full potentials: they usually prefer to go on with the game by imposing limitations, for instance to continue using their eyes. One rarely sees them do the stunts and tricks of the Indian fakir even where they can since they have risen above exhibitionism or the need to overwhelm or prove things and they are of course continuing to play the game of human being, since that is the main game they have available around them."

"Scientology now has more than enough data and technology to handle even the broad problems in the humanities. The main task now is getting it fully used, and along this line there are hundreds of thousands working every day around the world."

"The materials of Scientology are the result of forty-three years of search, coordination and application to millions."

"We are very rich in materials, in results and in the potential future. Through our hardest times we have endured. Into our brightest times we are expanding."

"These materials contain the full basics of the only game in the universe where everyone wins, the game of triumphant life itself."

## WINS FROM CASE-CRACKING

**Suzanne Seagraves** who has had Case-Cracking Wins in the ASHO HGC wanted you to read her success Story:

"Boy, what an incredible journey. On this Student Rescue intensive I've been through so much - through Prenatal Hell and back, thousands of years ago, millions, billions and trillions of years ago. I've been through pain, grief, contortions (trying to be a sperm in your Present Time body is an incredible feat)...Through losses, evil intentions and ridiculous postulates. I've

been through a lot, but have come out the other end, thanks to my Auditor, C/S and LRH.

The "Student Rescue" aspect is so minute compared to all the wins I've had on it - but now I can study without the continual, ever-present masses connected with study THAT IS A SURE, SURE HUGE WIN. In clearing a small word (with about 40 definitions) the other day I didn't have the pain that especially goes with the small words. It's no wonder I disliked study so much-IT WAS JUST TOO DAMN PAINFUL!

The Student Rescue intensive took the pain away. It made it so I could look at a page without my brain splattering all over the walls. Now I know word clearing does actually work when applied correctly and there's no reason I should ever become a bogged mess again."

**SUSAN FUSHI**

Some truly amazing things can happen as a result of auditing in the ASHO case-Cracking HGC! Susan is here from Chicago and works with the firm of Bein and Fushi, who specialize in buying and selling rare and valuable musical instruments. Here is her win: from her OT Eligibility Auditing:

"While on OT Eligibility I had a huge win concerning my relationship to the physical universe, that I am above it and that I can control it! As a result of this win I just sold a violin for \$700,000! Now I can buy my OT levels! I feel that I am really going OT while doing eligibility! All my love to everyone at ASHO!"

**MARK SPICKNALL**

Mark came to ASHO's Case-Cracking HGC for his New Era Dianetics Auditing from the Columbus, Ohio area. He works as a salesman and is looking forward to greatly increased production as a result of his ASHO auditing.

"I have discovered why I have perceived so much changeness in this life and on the track. I DID NOT UNDERSTAND! If something changed, this was due to lack of understanding to begin with! I have finally realized the source of me service-fac'ing so much! What a win!"

**SHEILA PEMBERTON**

Sheila is a staff member at the Scientology Org in Hawaii. She has been on training at ASHO and has taken advantage of the Case-Cracking HGC to mover herself up the Bridge on the Expanded Grades.

We asked what one of her biggest wins was being in the ASHO HGC and she said "Finding out how old "I" am. Clearing up lots of confusions and becoming more stable."

### INTERVIEW WITH ASHOD SENIOR C/S CLASS VIII RED VAN DYK

*Why is there a Case-Cracking HGC at ASHO?*

There is a long established tradition of having an HGC that can handle anything at Saint Hill as that is where the best trained auditors are, coming from the Saint Hill Special Briefing Course.

*Who can come to ASHO for processing in the Case-Cracking HGC?*

Anyone who feels that standard tech hasn't been 100% applied to their case. We can handle those elements of your case that have been left unhandled. We specialize in handling Clears, persons who need the Clear Certainty Rundown®, the Power Processes or OT Preparation, Solos and OT Eligibility. But we also can handle anylower bridge person who just isn't flying up the grade chart to become unstuck as a case and winning again, and moving up the Bridge.

*Why is the auditing so excellent in the ASHO Case-Cracking HGC?*

Most of our auditors are Class VI's. These auditor's who have spent long hours listening to LRH lectures, drilling and auditing the processes on the Saint Hill Special Briefing Course to become expert auditors. They are then interned in the ASHO Internship, which is supervised by a Permanent Class VII and Class VIII who are also Trained cramming officers and OTs. There they are drilled, word cleared and crammed until they are flubless, 100% standard tech Class VI auditors. These are the auditors who take you in session.

*What about Clears?*

ASHO is your next step on the Bridge per the Grade Chart by L. Ron Hubbard. This is where you do your OT Preparation auditing, which is tailor-made to resolve and terminat-edly handle the factors you will need to go OT.

ASHO is where you do Solo Part II. As the Top Training Org, we really help you to get through and be confident in your ability to solo audit. As the Senior C/S I personally C/S all the folders of our Solo II auditors. And when these steps are through, you do your OT Eligibility and then over to AOLA for the OT levels.

*Is there anything else you would like our public to know about the service here at ASHO?*

ASHO service is highly personalized and 100% standard. There is no case that cannot be resolved using Standard Tech. At ASHO the team of highly technically trained auditors and C/Ses will handle whatever you need to put you at cause and moving up the Bridge.

## NEWS FROM ARC

## RUSSIA

About 6 years ago, in Leningrad Russia, a German translation of Dianetics the Modern Science of Mental Health got into the hands of some interested individuals. One of the individuals was capable of reading the German translated copy of DMSMH™. The German copy was taken and shortly after translated into Russian. Many others have read the Russian translation of DMSMH in Leningrad. However, we soon found the word of Dianetics had spread, and other people in different cities had been found to have read the book !! The fire of Dianetics expansion soon started, with Book One™ auditing occurring right behind the Iron Curtain!! For the years to follow, many other people got ahold of the Russian copy of Dianetics and read this and passed it around to other interested individuals. A Dianetics

group formed and now exists in Leningrad !! The International Expansion Office seeking assistance on putting together the first Russian Mission Starter Package for this group, contacted FCCI Kristen Tomczak on service at the FSO. Kristen and her husband Jerry Ellenburg having great interest in helping the Expansion Office create the first mission in Russia decided to purchase the first Mission Starter Package for the Leningrad group. This is incredible backup and is highly commended for both Kristen and Jerry.

## CZECHOSLOVAKIA

Dianetics delivery in Czechoslovakia is really happening !! This last week the International Expansion Office contacted a Andrej Dragomirecky in Prague, (Capitol city in Czechoslovakia). Andrej had received a copy of Dianetics the Modern Science of Mental Health,

and Self Analysis books some time ago. He read both books and started to apply the technology contained therein. Andrej is a technician working at the Medical Faculty of Charles University in Prague and was applying the auditing techniques to actual patients there. What Andrej saw he could not believe, the patients really started to get better. At that point he dropped any use of Psychotherapy or any other such treatment, and now only uses Dianetics auditing with the patients, and he has already chalked up 300 hours under his belt !! Andrej told us that he is getting rave results and success, so much, that now he wants to establish a Purification Delivery Center right there at Charles University!! Expansion is really happening in Czechoslovakia, so stand by for more exciting news coming from this country.

## BILL KEISTER

"I completed Level A of the Saint Hill Special Briefing Course last week. This was a major win for me. My understanding of the tech has increased vastly. This was my first auditor training course. I had done up to OT IV first and after the OT levels the BC was great. Getting the other 50% of the Bridge is a must. There's lots of OT data on this course. I've also received over 100 hours of student auditing on M-1 from my twin. That was life changing. Overall I feel much more at ease due to the data from my training."

"My Power auditing was wonderful - I am in great shape; a great product. The C/Sing, Auditing, HGC lines etc-all-absolutely perfect.

My whole experience here at ASHO has been great! From day one - I arrived without a hitch, I was in session within a day, I had some great reg cycles and on and on.

All the staff I have dealt with are uptone/tone 40 wearing their hats and pushing for their products. I completed what I came to do and MORE and then headed home for Colorado ahead of schedule!"

# TRAINING SCHOLARSHIPS

Partial cash Scholarships are being offered to some upstat and important people, which count on their course donations. It is one Scholarship or award per person in that org and no more.

Those eligible for Scholarships may sign up for as many courses as they like at one time (with full donation) and the Scholarship award will then apply to all of these courses!

A Scholarship is a one-time affair. But it applies on all courses signed up and donated for in full at that time!

See the ASHO Registrar or write to the Letter Registrar for application

## DEFINITIONS

**aberration:** a departure from rational thought or behavior. From the Latin, *aberrare*, to wander from; Latin, *ab*, away, *errare*, to wander. It means basically to err, to make mistakes, or more specifically to have fixed ideas which are not true. Aberration is opposed to sanity, which would be its opposite.

**auditing:** processing, the application of Dianetics or Scientology processes and procedures to someone by a trained auditor. The exact definition of auditing is: the action of asking a pre-clear a question (which he can understand and answer), getting an answer to that question and acknowledging him for that answer.

**auditor:** a person trained and qualified in applying Dianetics and/or Scientology processes and procedures to individuals for their betterment; called an auditor because auditor means "one who listens."

**bank:** 1. the mental image picture collection of the pc. It comes from computer technology where all data is in a "bank." 2. a colloquial name for the reactive mind.

**Bridge, The:** 1. the route to Clear, the Bridge, which we call the *Classification, Gradation and Awareness Chart*. [The Bridge grade chart may be seen in full at any Church of Scientology.] 2. a term originating in early Dianetics days to symbolize travel from unknowingness to revelation. [Trademark.]

**case:** all the content of the reactive mind.

**Class:** a technical certificate in Scientology goes by the classes on the gradation chart.

**Clear:** a being who no longer has his own reactive mind

**DIANETICS:** Man's most advanced school of the mind. *Dianetics* means "through the soul" (from the Greek *dia*, through, and *nous*, soul). It is a way of handling the energy of which life is made in such a way as to bring about a greater efficiency in the organism and in the spiritual life of the individual. [Trademark.]

**E-Meter: pastoral counselling device:** Hubbard Electrometer. An electronic instrument for measuring mental state and change of state in individuals, as an aid to precision and speed in auditing. The E-Meter is not intended or effective for the diagnosis, treatment or prevention of any disease. [Trademark.]

## Definitions

**Auditing:** the application of Dianetics or Scientology processes and procedures to someone by a trained auditor. The action of asking a person a question (which he can understand and answer), getting an answer to that question and acknowledging him for that answer.

**Auditor:** a person trained and qualified in applying Dianetics and/or Scientology processes and procedures to individuals for their betterment; literally, one who listens.

**Bridge, The:** The route to Clear and OT, which we call the Classification, Gradation and Awareness Chart. [*The Bridge* is a Trademark]

**Co-audit:** an abbreviation for cooperative auditing. It means a team of any two people who are helping each other reach a better life with Dianetics or Scientology processing.

**Hubbard Key to Life Course:** a course that enables one to express himself easily and clearly both verbally and in writing, and to understand fully the communication he receives from others.

**Key to Life:** see Hubbard Key to Life Course.

**Objective Process:** Objective refers to outward things, not the thoughts or feelings of the individual. An Objective Process locates the person in his environment, establishes direct communication with the auditor, and brings a person to present time.

**Pre-clear:** a spiritual being who is now on the road to becoming Clear, hence pre-Clear.

**Process:** a set of questions asked or commands given by an auditor to help a person find out things about himself or life and to improve his condition.

**Processing:** the action of asking a pre-clear a question (which he can understand and answer), getting an answer and acknowledging him for that answer. Also called auditing.

**Purification Rundown:** a series of specific actions designed to purify and clean out of one's system the restimulative drug or chemical residues which could act to prevent case gain from Dianetics or Scientology processing.

**Restimulation:** reactivation of a past memory due to similar circumstances in the present approximating circumstances of the past.

**Scientologist:** one who knows he has found the way to a better life through Scientology and who, through Scientology books, tapes, training and processing, is actively attaining it. [*Trademark*]

**Scientology:** Scientology applied religious philosophy. In itself the word means literally *knowing how to know*. [*Trademark*]

**TRs:** training routines; practical drills on the cycle of communication.

There have been many special tech breakthroughs but none of them are as meaningful to the culture around us as the discovery and development of the materials that comprise the Hubbard Key to Life Course.

It all started with an attempt to train some auditors<sup>1</sup> to deliver a highly sophisticated and powerful new rundown. We had this great bridge section there, all researched and ready to go. But we found we had to build better approaches to the bridge<sup>2</sup>. What we kept finding was that they were deeper in the swamp than we had noticed. So we went down further and found that they were in a canyon before they even got to the swamp. We thought, "Well, we've got them in the canyon now and that's fine — we'll just take off from there," and then we found there was a ditch in the canyon. And where did we find this culture? In a hole at the bottom of this ditch.

It has been a process of undercutting all the way. We kept finding that we had to start lower on the gradient and we also discovered that it was not just this particular group of auditors who were having all this trouble: it was part of our modern "culture."

There have been several major breakthroughs in the development of this course. One discovery was that apparently literate people were continually going past misunderstood words in their common reading materials without even knowing it. These misunderstandings were very often the simple, small words of the language which are used over and over in everyday conversation,

reading and writing. These were the most frequent misunderstandings.

There were many other discoveries and new developments. So the story of the Hubbard Key to Life Course consists of a series of discoveries I was forced to look for and make and developments I had to work on and get piloted.

You are trying to handle someone who is out of communication and in order to handle the fact that he is out of communication you have to communicate to him, but you can't communicate to him because he's out of communication! Do you see the problem I had to solve?

The product of the Key to Life Course is a Scientologist who is in communication because he can express himself easily and clearly both verbally and in writing and can fully understand the communication he receives from others.

This course has taken a lot of work to put together. It will achieve spectacular results if it is standardly administered.

We are on our way to putting the world back in comm. I'm counting on you to do it right.

1. Auditor: a person trained and qualified in applying Dianetics and/or Scientology processes and procedures to individuals for their betterment; called an auditor because auditor means one who listens.

2. Bridge, The: the route to freedom and ability, which we call the Classification, Gradation and Awareness Chart.

# FOCUS ON SUCCESS

## ACTRESS DANCER WINS AT ASHO

Erin Holt - A dancer/actress, is also the director of her dance school DANCE NOW! and teaches dance to adults and children. She is currently producing dance instructional tapes for children. Her choreography is performed by her dance troupe DANCE STREET PRODUCTIONS, which were seen last year on the FREEWINDs and more recently for Dianetics and Drug Free L.A. events.

Currently, Erin is working as a dancer/actress in a show for Universal Studios and is seen in the "Dynamics of Life" film in which she plays the hypnotized girl.

Erin is a student on the Briefing Course here at ASHO and where she also just completed her CCRD and OT Preps.

### Auditor Magazine Interview

#### 1. What training are you doing at ASHO?

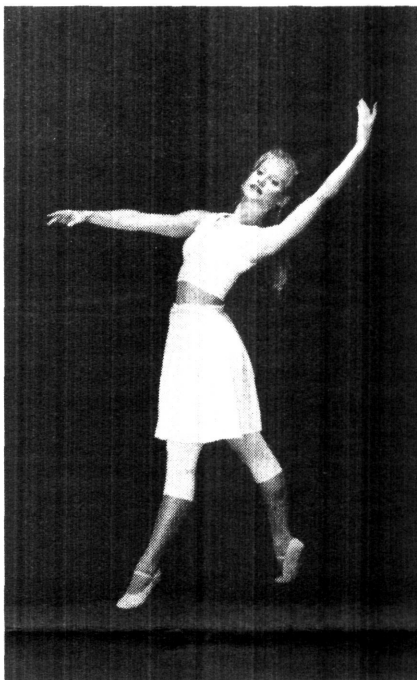

Level A Briefing Course

#### 1a. What processing are you doing at ASHO?

Just finished CCRD and OT Preps.

#### 2. What are the biggest wins you've had so far from your ASHO services?

There have been so many wins. I think routing onto the B.C. was one of the best things I could have done. I received a lot of auditing as a student which cleaned up my case and prepared me for CCRD and OT Preps in the HGC. I also received my M-1. On a whole my study is now really fun! It was always a problem before. Now attention units I've had on various things have been freed up and I'm more in P.T. on study, and in life. I know that doesn't sound like much. "ATTENTION units freed up?" It won't seem like much until it happens to you and when it does, believe me, it's a big deal!! the data I am getting on the B.C. is really amazing! Everyone needs this data.

ERIN HOLT

#### 3. What changes have occurred in your dynamics from your doing your Bridge at ASHO?

I'd say that mostly, my dynamics have "evened out". I'm a more stable individual across my dynamics. I'm not all restimulated on the 2D and my attention is less stuck on the 1st. My contributions to the 3rd and 4th dynamics mean more and are less efforty.

#### 4. What changes have occurred for you professionally as a result of ASHO services?

It's very interesting, but after a badly needed review, I pulled in some money which with, I paid for my CCRD. Just before I started my CCRD I got a job in a show for Universal Studios. Now my comm lines have increased and there is a lot of opportunity. I also teach dance. It has been pretty amazing how I've been pulling students in without even promoting much! the time I spend on course seems to dwindle and I have to keep putting time there for course because I know it's a highly successful action in my career.

#### 5. How do you like the service/staff at ASHO?

ASHO staff are the best. They all really care. Whatever is going on with me there is always a terminal who is specially trained in the area. The sups, the Ethics Officer, the Auditors, the Senior C/S and even the Reg. These guys are my friends. I thank my FSM for getting me on ASHO lines!

#### 6. What are your plans for the future?

I'm going to finish Level A of the B.C. and then I'll go onto Solo I and II. Then I want to do OT I, II and III at AO. Then I'll return to ASHO and finish the B.C.

I would like to audit other artists. "The Dynamics of Life" film just came out in which I play the hypnotized girl. I would like to work with Gold again and do more film work. I'm also looking at singing and of course expanding my dance school. Anything could happen! I'm ready for it!

Sue Willis

Sue Willis has just completed her Power Processes at ASHO.

My cycle here at ASHO has been absolutely the best!

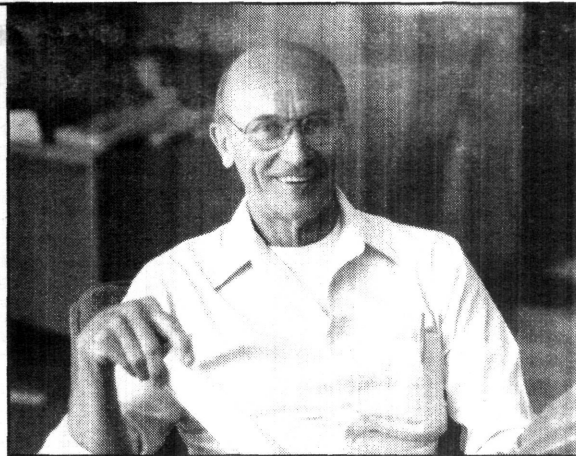

The CCRD cleared up a lot of misconceptions for me-it was a very valuable cycle.

Power was the most incredible auditing I've ever had. It stripped away the false veneer and left me standing alone in the universe - no one to depend on - just me; Just POWERFUL, QT me!

Completing Power Plus was a beginning for me. It has enabled me to make decisions about my life I never thought possible. Right now, I am operating as an OT.

The auditing was superb, the processes were mind-blowing (literally) and the staff here are absolutely superlative.

I want to thank the entire staff at ASHO for the best 2 weeks I've ever spent! Thank you, Ron for the Sea Org."

Frank Elliott is a student on Level d of the Saint Hill special briefing course. He is also an engineer and the manager of an engineering service. He gave us this success story about using the tech on his job:

"Recently my work was notified that our contract was being cancelled with a major aircraft/aerospace firm. I wrote a letter to the corporate president using the tech and stressing the ethics and engineering support we have provided and thanking him for the opportunity of working with his corporation. A week later our company was notified that upper management decided to renew our contract. These are a few of the many wins which are a direct result of applying the tech of the SHSBC. It does make a difference and that difference is your moving over to the causitive side of existence.

## WINS FROM THE HUBBARD KEY TO LIFE

Guthrie Zoefeld

### KEY TO LIFE AT ASHO

As the top training org, ASHO is leading the way with Key To Life. We have the most highly trained KTL team in the Americas, with many class VI and Class VIII on our delivery team. Everyone from our class VIII KTL C/S to our Class VI KTL wordclearer is waiting to deliver the life changing wins of the Hubbard Key to Life course to you..

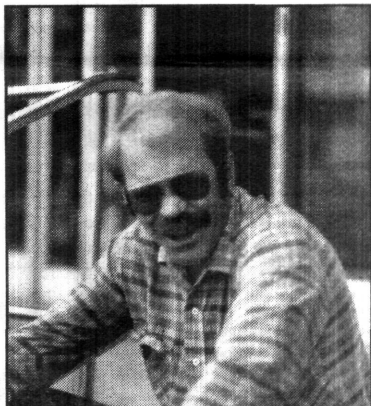

The greatest things happened on this that I wasn't expecting.

1. My state of Clear has been **TOTALLY** rehabbed.
2. My state of Clear has been enhanced to something much larger and profound!
3. My out Int has been repaired!
4. My PTSness is G.O.N.E.!

This is the most awesome piece of tech. How can you miss this if you have no reality that something like it even exists!? It's amazing, I don't know how to put it. Can you see my picture? (If you've blown 1,000,000 years worth of charge - you got it!) Thank you Ron! "David Diedmore

Jackie Wallbaum came for her OT Preparation Auditing and is now on Key To Life as well. Here she is, with some new friends.

Jonce Orrell has been seen laughing and smiling all around ASHO. When asked to give a win, what we got was a big smile.

### GUNTHER ZOEFELD

Gunther is a long time Scientologist from New York City. He is currently on the Key To Life at ASHO and when that is complete will be going onto his final level of the Saint Hill Special Briefing Course.

"Some of the biggest wins I've had so far from my ASHO services have to do with being able to like myself again, blowing a false datum that survival is achieved by having no friends; loving my wife because I want to-not because I have to; regaining self. I have gotten out of a LONG term total confusion on the 2nd dynamic, as well.

Because there's more me on the 1st dynamic, I know for certain that all my other dynamics exist and I can be at cause over them at my choice.

I have become more able professionally and there is much more to come as I complete my Key To Live.

The service and staff of ASHO are GREAT!"

# THE AUDITOR

Inspector General Tech, Mr. Ray Mithoff, released the Hubbard Key to Life Course at the 40th Anniversary Celebration of the book Dianetics.

## NEW COURSE UNLOCKS LIFE ITSELF

A spectacular course has just been released to the public that handles the problem of misunderstanding among people and makes it possible to really live for the first time.

This course — the *Hubbard® Key to Life® Course* — cuts to the heart of why you have difficulty getting yourself understood by others. The inability to communicate effectively, both written and spoken word, will block your relationships with others and impede your progress and improvement in life.

The statistics tell a shocking story: nearly a billion illiterate on earth.

Illiteracy in the workplace is headline news across the planet. Corporations find themselves teaching people to read so they can train them in useful skills — people who may have graduated from

high school unable to read even their diplomas.

The groundwork for this unbelievably widespread problem was laid by psychologists who believed children were animals and that the best way to train them is, in the words of Edward L. Thorndike, "to arrange everything in connection with the trick so that the animal will be compelled by the laws of its own nature to perform it."

Young people educated in today's schools cannot perform the "trick" of getting along in everyday life.

What is more painful than being unable to get your point across? People don't listen to you, or they twist what you say.

When understanding breaks down, so do the routine activities of life that

your survival depends on.

When shipments get delayed, when machinery breaks down, when people curse each other or withdraw into themselves, the first thing that broke down was understanding. *Someone* has failed to understand others or to make himself understood, resulting in the wrong action being taken or (what is often worse) no action at all.

These problems are not "part of life." The *Hubbard Key to Life Course* enables anyone, regardless of background, to get their lives going in a positive direction through understanding and effective communication.

The barriers to understanding are handled on this course, in the exact sequence necessary to really resolve them.

Months in preparation, the materials of this course include 14 books with over 3,900 illustrations to clarify each point and eliminate any possible confusions.

The *Hubbard Key to Life Course* enables you to really understand and apply what you learn.

It also opens up your ability to express yourself enabling you to be understood by others. With these new abilities, all of life is open to you.

Any drug history is handled first with the *Purification Rundown®* and Objective Processes. These actions restore the ability to think clearly and operate in present time.

The *Key to Life* truly opens the door to a new life for you — and a new civilization for all.

## THINK MORE CLEARLY!

Drugs, preservatives and other poisons accumulate in the fatty tissues of your body. They cloud your thinking and perceptions long after you have stopped using them. Your mental acuteness and emotional stability suffer.

Now you can *eliminate* these restimulative effects of drug and chemical residues. Like a clear flowing stream, the *Purification Rundown* washes away impurities, leaving you feeling sharper, more in control of your life, and able to think more clearly.

The *Purification Rundown* is essential for life in today's world. It is also a prerequisite to the *Hubbard Key to Life Course* for all those who have taken drugs.

**See the Registrar and enroll NOW.**

## DISCOVER THE ROUTE TO CLEAR THINKING!

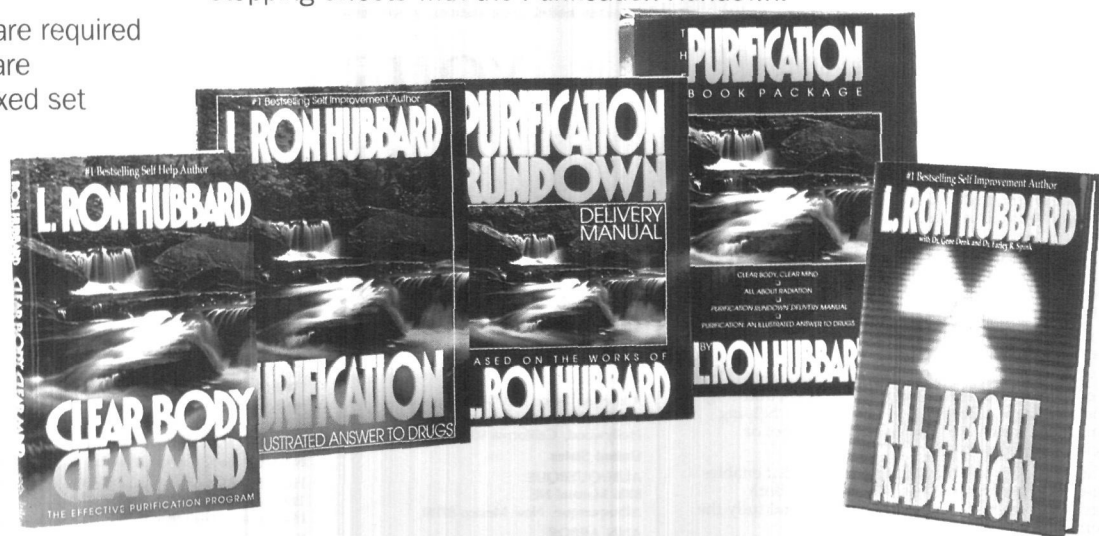

Past drug use, exposure to radiation, and environmental pollution — these factors will continue to block your ability to think clearly until you handle them with the *Purification Rundown*.

There are four vital books by L. Ron Hubbard that you are required to own before starting the *Purification Rundown*. All four are available to you now — individually, or as a beautifully boxed set called the *Purification Book Package*.

ALL ABOUT RADIATION  
PURIFICATION: AN ILLUSTRATED ANSWER TO DRUGS  
THE PURIFICATION RUNDOWN DELIVERY MANUAL  
NEW! CLEAR BODY, CLEAR MIND: The Effective Purification Program

This *brand new*, 320-page hardcover book by L. Ron Hubbard lays out the technology exactly as he researched it — how drugs and chemical poisons affect you; how the body, like a toxic waste dump, accumulates

these poisons and releases them into your system unpredictably, even years later; and exactly how you can eliminate their life-stopping effects with the *Purification Rundown*.

### BE ABLE TO OPERATE IN PRESENT TIME

Drugs and chemicals seriously affect the functioning of your mind. When they have been cleansed from your body with the *Purification Rundown*, there are still mental effects that would interfere with your progress on the *Hubbard Key to Life Course*.

That is why your next step after the *Purification Rundown* is the new TRs and Objectives Co-Audit Course. You and a fellow student will co-audit Objective Processes, which get you back in touch with present time so you can gain more control and act with certainty.

Objective Processes are a prerequisite to the *Hubbard Key to Life Course* for anyone with a history of taking drugs.

See the registrar and enroll now.

## Does Clearing Cancel the Need for Training?

by  
**L. Ron Hubbard<sup>TM</sup>**

**T**o answer the important question "Does Clearing cancel training?" all you need to do as an auditor is clear someone without training him and then say to him, "All right. Go out and clear people."

You'll get a blank stare.

Why?

Because Auditing skill is a discipline in living and know-how of the parts of life which is in itself something new in the universe. Even OT<sup>®</sup>s don't have auditing skill since there have never been any auditors behind them.

There is such a thing as learning. There are such things as data.

The fact is, that a cleared Zulu is a cleared Zulu. A cleared advertising man is a cleared advertising man. A cleared Zulu is not a cleared advertising man.

Now a Zulu uncleared has scant chance of becoming an advertising man. But a *cleared* Zulu would probably be able to become one rapidly. And there's the difference.

Being clear gives one the *potential* of being and makes the being rather easy, and fun. Further, being cleared makes it possible to *continue* to be something. There's nothing wrong with being clear. A person ought to

be. The state is so valuable several hundreds of millions of people in the past 2,500 years have concentrated on nothing else.

But how about getting clear and staying clear forever? The auditor *alone with his data well learned* could manage that.

Oddly enough, the best time to study auditing is when you're aberrated—when the thing looks impossible, when you can achieve subjective reality on the grimness of it.

**"But how about getting clear and staying clear forever? The auditor alone with his data well learned could manage that."**

The best things a person can do are to (1) get trained and (2) get cleared. Auditors will always be senior to clears. Always. That became very obvious in the 19th ACC. People who weren't clear created clears.

If a person gets cleared first, he can, of course, learn very rapidly how to be a good Scientologist<sup>®</sup>. If he is to be a very good being he will be both a good auditor *and* a clear. That combination cannot be beaten.

If we had only clears and no auditors we'd have another slump ahead. Scientology is not in the experience of anyone's back track. It is itself. It is the one thing senior to life because it handles all factors of life.

Scientology could not have happened earlier because there was not enough livingness to study. We have arrived near bottom.

There are people getting cleared now all over the world. Just remember that you share the agreement of the society in which you live. You'll have to be able to audit to skillfully handle aberrated persons. And it will take a lot of auditors to have a cleared society.

Right now it's all right to keep your eye on that first dynamic and get clear. You should. But when, suddenly, you find you've achieved clear, remember when I tell you this one thing:

*There are eight dynamics.*

You cannot stay clear unless you solve things by the equation of the optimum solution: The greatest good for the greatest number of dynamics. Failing to so solve things dug you in to where you were in the first place. Scientology got you out.

Stay out by knowing Scientology well.

L. Ron Hubbard

Learn to handle and use your own power as a being!

The legendary Power Processes were first released by Ron at Saint Hill in May of 1965.

The breakthroughs of Power Processing created a worldwide stir with their incredible results. Ron had isolated and handled the factors that pinned a being to the bank, thus limiting his ability to handle his own power.

These confidential processes are available only at Saint Hill organizations as they require a high degree of expertise to audit and to C/S.

Power Processing and Power Plus Processing handle a thetan's ability to stably handle power. They knock out factors that limit ability and awareness, free you from major and long-standing barriers and restore power and capacity as a thetan. ## Go Clear on the Clearing Course

For those who did not go Clear on *NED* auditing, your next services after *NED* auditing are Grades V (Power) and VA (Power Plus), the Solo Auditor Course and OT Preps and Eligibility which you do at ASHO Day or ASHO Foundation. Then you are ready for your last two steps toward Clear which you do at the Advanced Org: Grade VI (R6EW) and the Clearing Course.

**Grade VI — R6EW (R6 End Words):** R6EW means Routine 6 End Words, and end words are the common denominators of the basic components of the reactive mind\* itself! One can attain a release resulting in a return of one's power to act on one's own determinism and freedom from dramatization.

**Clearing Course:** On this course one confronts and runs out the basic item of the bank, erasing one's reactive mind! The result is the State of

Grade VI Release

Clear. You are now ready to rocket up the OT levels to full OT ability!

Arrange for your Clearing Course now at the Advanced Organization Los Angeles, 1306 N. Berendo St., L.A., CA.

\* **Reactive Mind:** A portion of a person's mind which works on a totally stimulus-response basis, which is not under his volitional control, and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions.

### DEFINITIONS

**aberration:** a departure from rational thought or behavior. From the Latin, *aberrare*, to wander from; Latin, *ab*, away, *errare*, to wander. It means basically to err, to make mistakes, or more specifically to have fixed ideas which are not true. Aberration is opposed to sanity, which would be its opposite.

**auditing:** processing, the application of Dianetics or Scientology processes and procedures to someone by a trained auditor. The exact definition of auditing is: the action of asking a pre-clear a question (which he can understand and answer), getting an answer to that question and acknowledging him for that answer.

**auditor:** a person trained and qualified in applying Dianetics and/or Scientology processes and procedures to individuals for their betterment; called an auditor because auditor means "one who listens."

**bank:** 1. the mental image picture collection of the pc. It comes from computer technology where all data is in a "bank." 2. a colloquial name for the reactive mind.

**Bridge, The:** 1. the route to Clear, the Bridge, which we call the *Classification, Gradation and Awareness Chart*. [The Bridge grade chart may be seen in full at any Church of Scientology.] 2. a term originating in early Dianetics days to symbolize travel from unknowingness to revelation. [Trademark.]

**case:** all the content of the reactive mind.

**Class:** a technical certificate in Scientology goes by the classes on the gradation chart.

**Clear:** a being who no longer has his own reactive mind

**DIANETICS:** Man's most advanced school of the mind. *Dianetics* means "through the soul" (from the Greek *dia*, through, and *nous*, soul). It is a way of handling the energy of which life is made in such a way as to bring about a greater efficiency in the organism and in the spiritual life of the individual. [Trademark.]

**E-Meter:** pastoral counselling device: Hubbard Electrometer. An electronic instrument for measuring mental state and change of state in individuals, as an aid to precision and speed in auditing. The E-Meter is not intended or effective for the diagnosis, treatment or prevention of any disease. [Trademark.]

**engram:** a mental image picture which is a recording of a time of physical pain and unconsciousness.

**Grade:** the word used to describe the attainment of level achieved by a pre-clear. Grade is the personal points of progress on The Bridge.

**Grade Chart:** [Classification, Gradation and Awareness Chart of Levels and Certificates — See Bridge above.]

**HCO:** Hubbard Communications Office.

**HUBBARD, L. Ron Hubbard, (LRH, Ron):** Founder and Source of Dianetics and Scientology.

**Level:** grade and level are the same thing but when one has a grade one is a pc and when one has a level one is studying its data. [See Grade above.]

**OT:** 1. operating thetan, highest state there is. 2. a being at cause over matter, energy, space, time, form and life. [Trademark.]

**OT Levels:** [the numbered steps on the Grade Chart above Clear which are done in order on a being's gradient rise toward full OT abilities, originated and developed by L. Ron Hubbard.]

**pre-clear (pc):** from pre-Clear, a person who is not yet Clear; generally a person being audited, who is thus on the road to Clear; a person who, through Dianetics and Scientology processing, is finding out more about himself and life.

**reactive mind:** a portion of a person's mind which works on a totally stimulus-response basis, which is not under his volitional control, and which exerts force and the power of command over his awareness, purposes, thoughts, body and actions. Stored in the reactive mind are engrams, and here we find the single source of aberrations and psychosomatic ills.

**rundown:** a series of steps which are auditing actions and processes designed to handle a specific aspect of a case and which have a known end phenomena.

**Saint Hill:** [the name of LRH's home near East Grinstead in Sussex County, England. LRH taught the Saint Hill Special Briefing Course at Saint Hill from 1961 to 1965.]

**Saint Hill Organization (SH org):** [a type of Church of Scientology organization that specializes in the Saint Hill Special Briefing Course and other high-level auditor training. An SH Org together with an AO may form an Advanced Organization — Saint Hill. (An AO — Advanced Organization — specializes in the OT Levels and other upper levels of the Grade Chart.)]

**Scientologist:** one who knows he has found the way to a better life through Scientology and who, through Scientology books, tapes, training and processing, is actively attaining it. [Trademark.]

**SCIENTOLOGY:** (Latin, *scio*, knowing, plus Greek, *logos*, study: "knowing how to know" or "the study of wisdom"): an applied religious philosophy discovered, developed and organized by L. Ron Hubbard. This philosophy is a body of knowledge which, when properly used, gives freedom and truth to the individual. [Trademark.]

**session:** auditing session, a period in which an auditor and pre-clear are in a quiet place where they will not be disturbed. The auditor gives the pre-clear certain and exact commands which the pre-clear can follow.

**solo auditing:** in solo auditing the auditor is also the pc.

**Solo NOTs:** advanced spiritual healing technology for OTs (confidential). [Trademark.]

# What would happen if there were 100,000 Auditors?

**I**n 1975, Ron issued LRH™ ED 259 International, calling for 100,000 fully trained and active Auditors, C/Ses and Supervisors in the world. He wrote:

**“Why do we want these Auditors, C/Ses and Supervisors?”**

**“The society is on its way out. Psychology is a discredited subject. Psychiatry even knows it has failed. Crime is tearing countries apart. People have ceased to wholly trust themselves or others. These hard facts are the result of sweeping public surveys.”**

**“The only people who can bail them out and put a new civilization here are Auditors, C/Ses, Supervisors, the trained Administrators of orgs and OTs.**

**“68% want to be Auditors. They want to help others.**

**“The opposition to Scientology is crumbling to dust across the world.**

**“It is time we began to Clear this planet!”**

What *would* happen if there were 100,000 trained and active Auditors, C/Ses and Supervisors in the world?

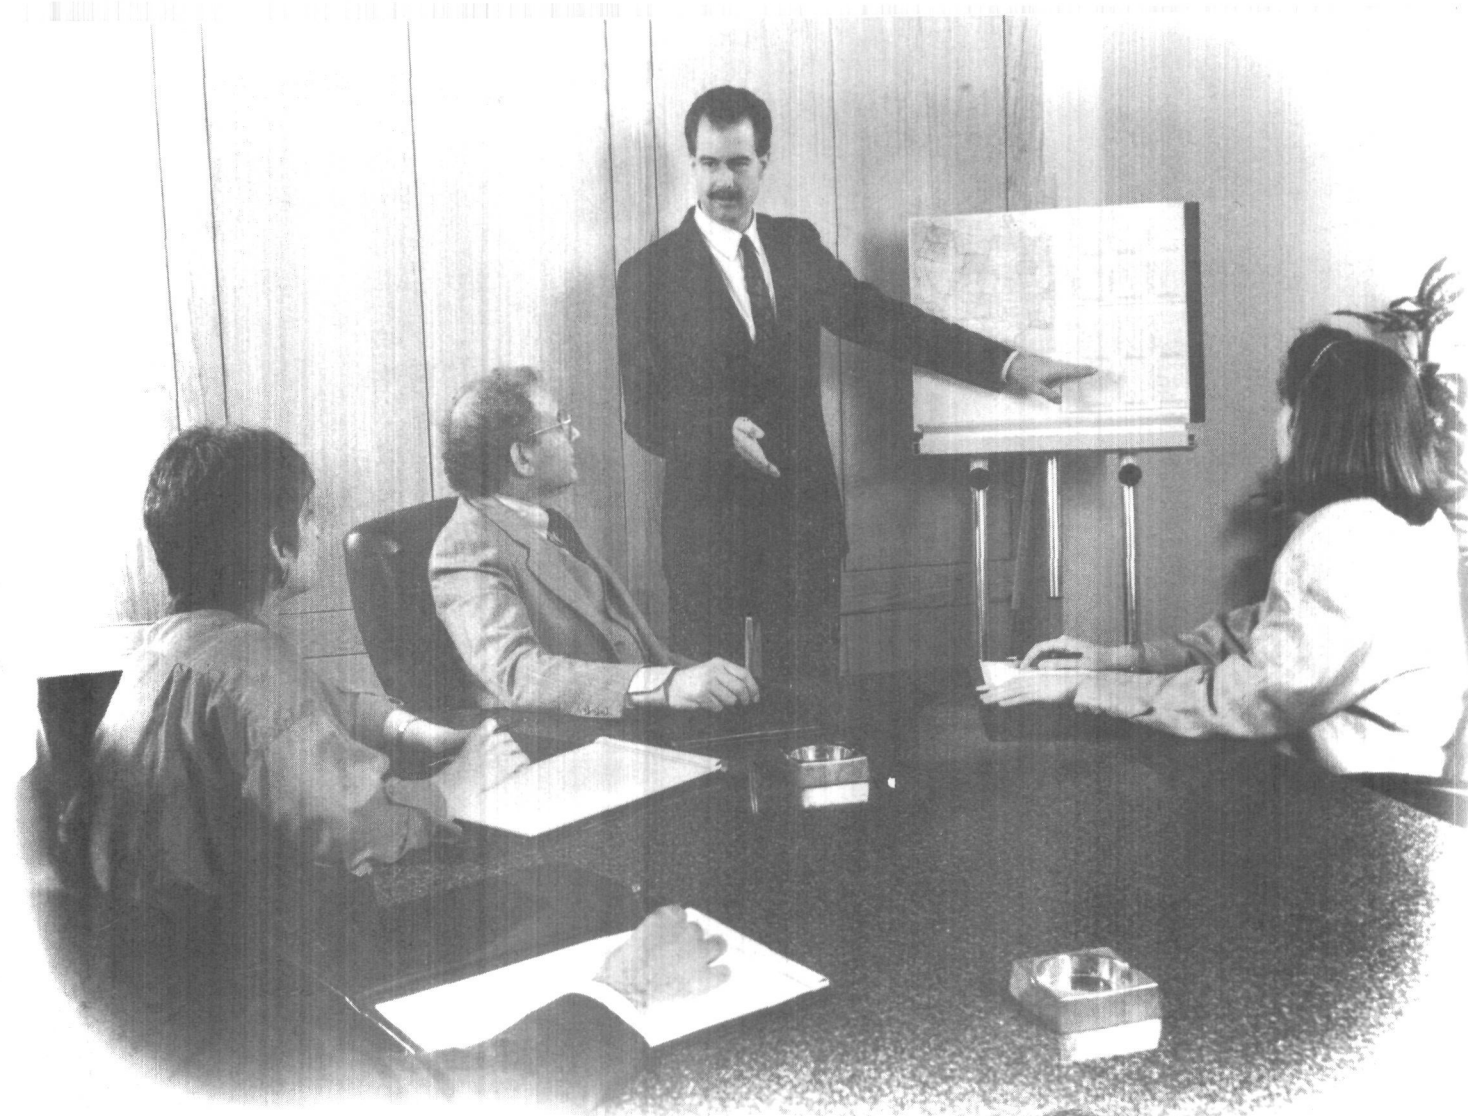

Well, a lot more people would be happier and more in communication, for one thing. An auditor changes life for the better — not only for his preclears, but for everyone he comes into contact with. With that many trained auditors, there would be a lot more ARC between people!

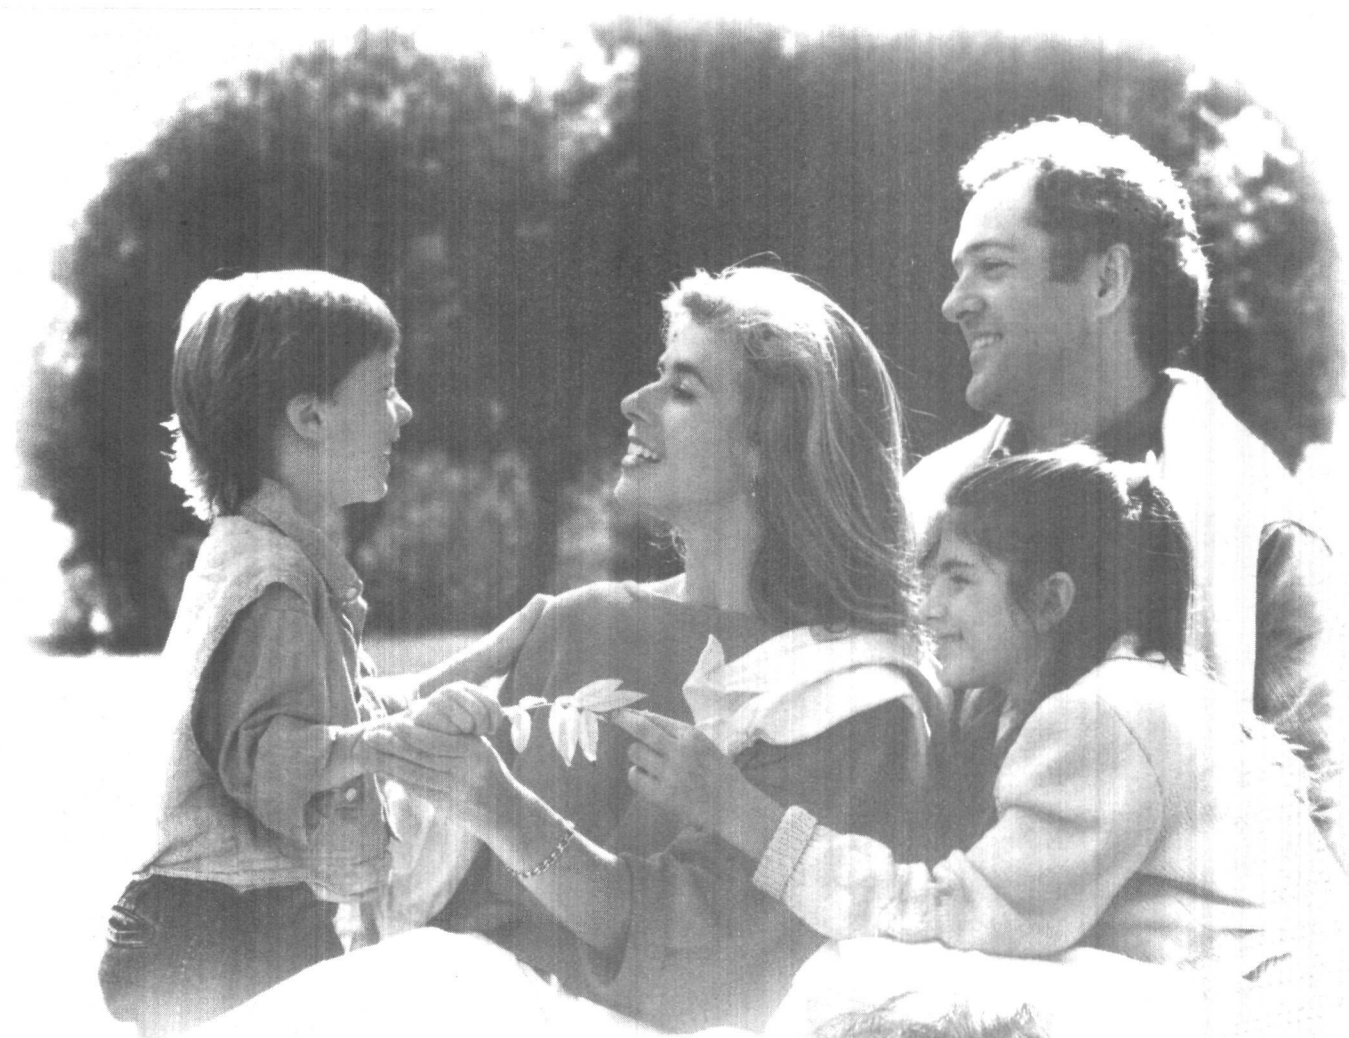

And there wouldn't be so many arguments, problems and disagreements around. A trained auditor brings renewed trust and makes beings more confident and able. With 100,000 auditors in the world, happy relationships would begin to outnumber unhappy ones.

An auditor is a communications expert. With that many auditors around, things would run a lot smoother in business and industry.

Family life could be a lot more pleasant for many people. With 100,000 auditors around who can handle anything with standard tech, there wouldn't be nearly so many divorces and unhappy homes!

There would be much more trust between people. Through training, an auditor continually expands his area of control. And he can put people at cause over their own self improvement!

An auditor is effective in changing the environment for the better. He makes others aware of the need for change. With 100,000 auditors, more and more people would start contributing actively to their community and to society.

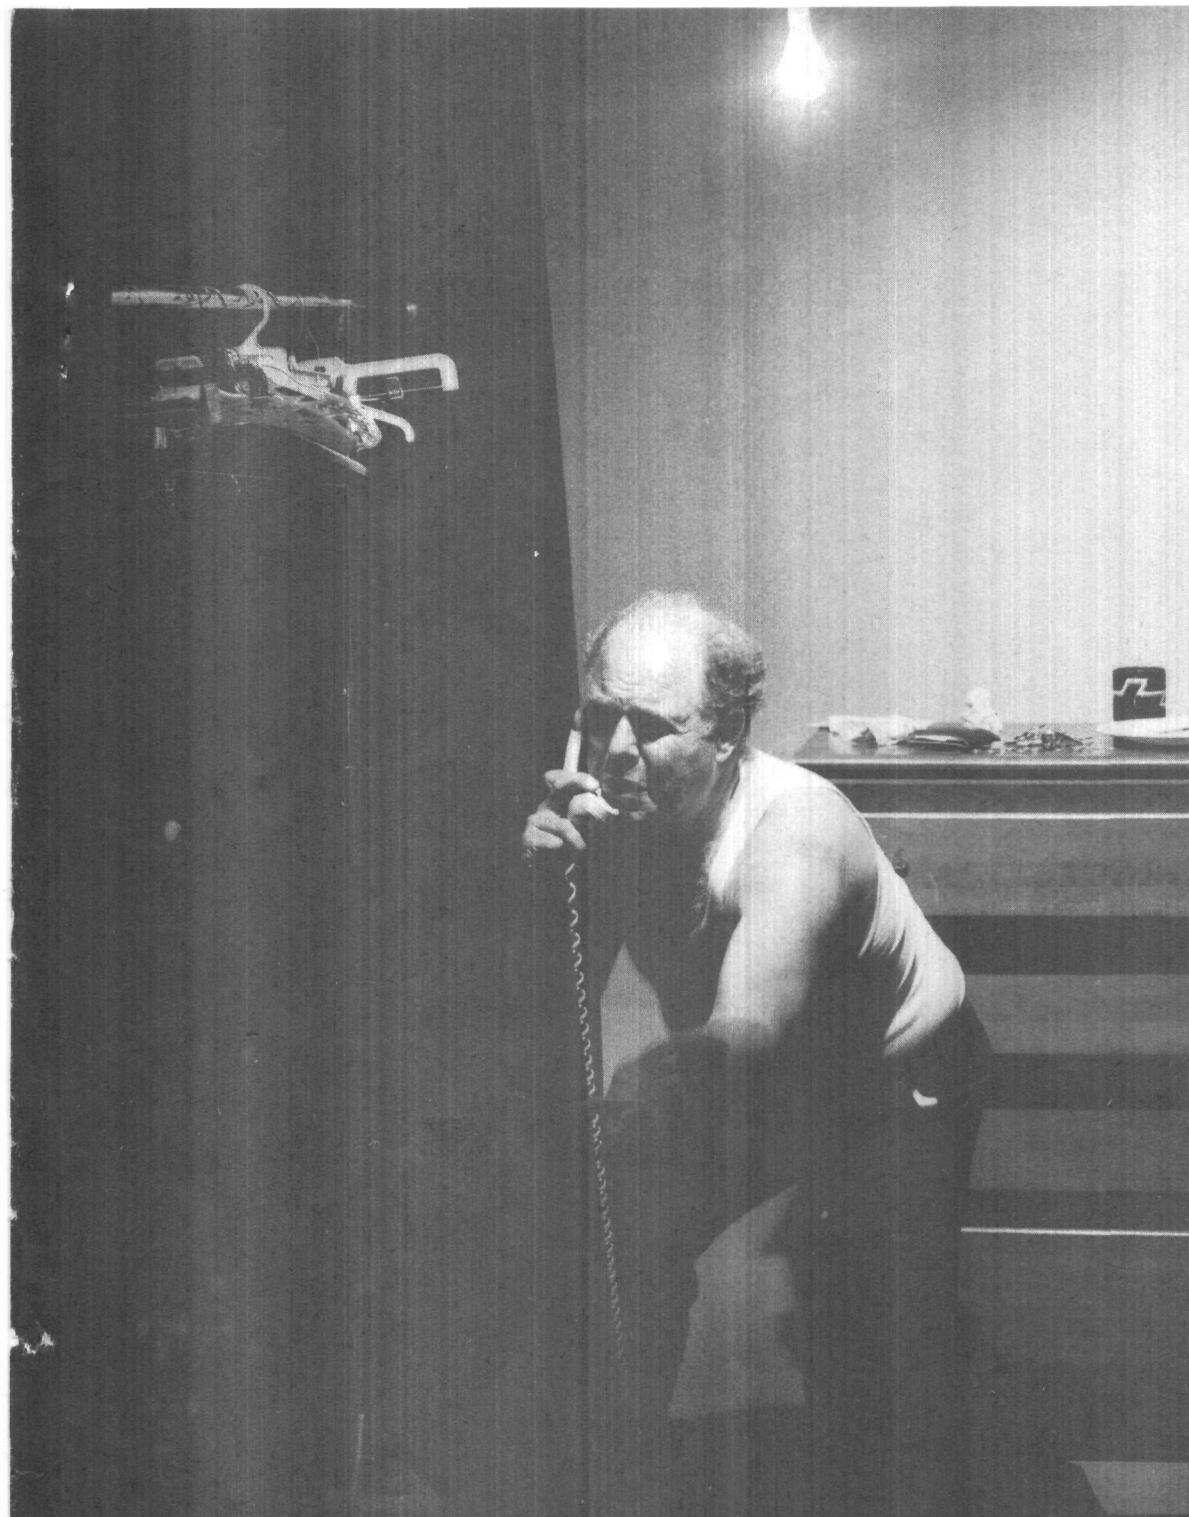

And how about the leaders in business and government? Auditors make others more confident and able. A businessman who is a trained auditor himself would really be able to hold his position and handle any situation. 100,000 auditors would sure help stabilize the economy!

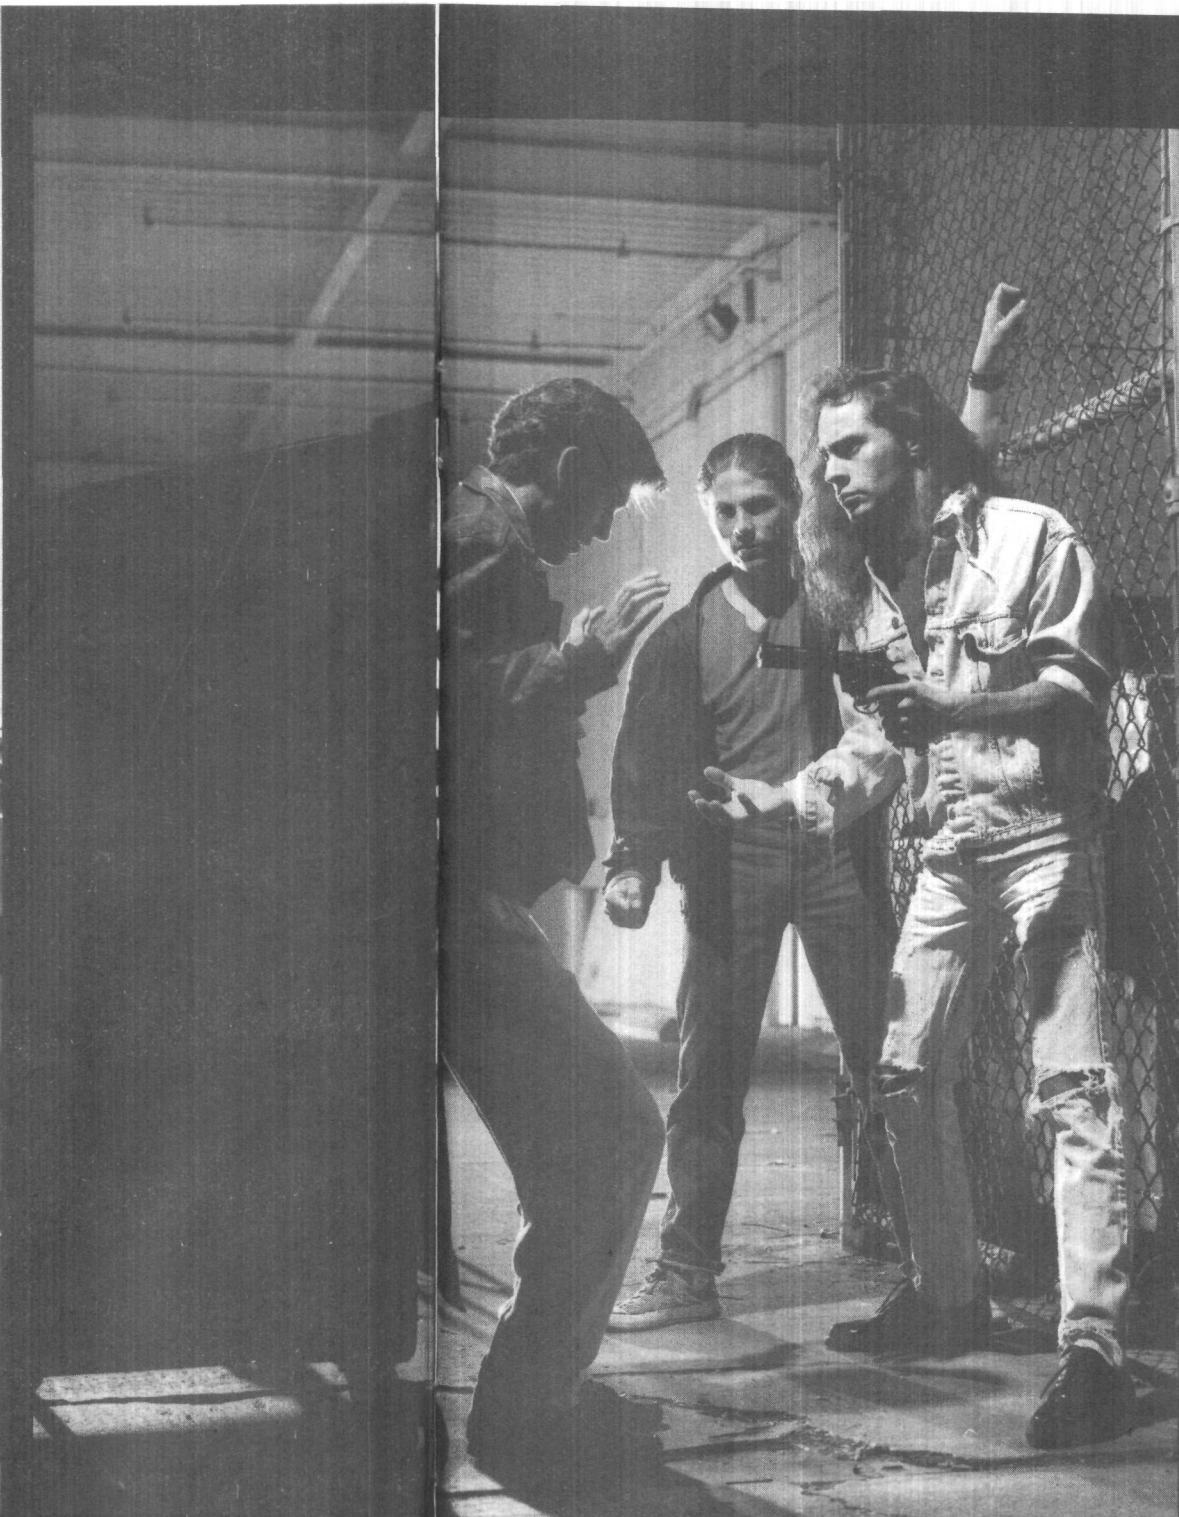

The world would be a safer place with 100,000 auditors in it. Let's face it, the world isn't a safe space. Where there are auditors, there is a road out of ruin. With 100,000 auditors, we could create a safe space for ourselves and our children.

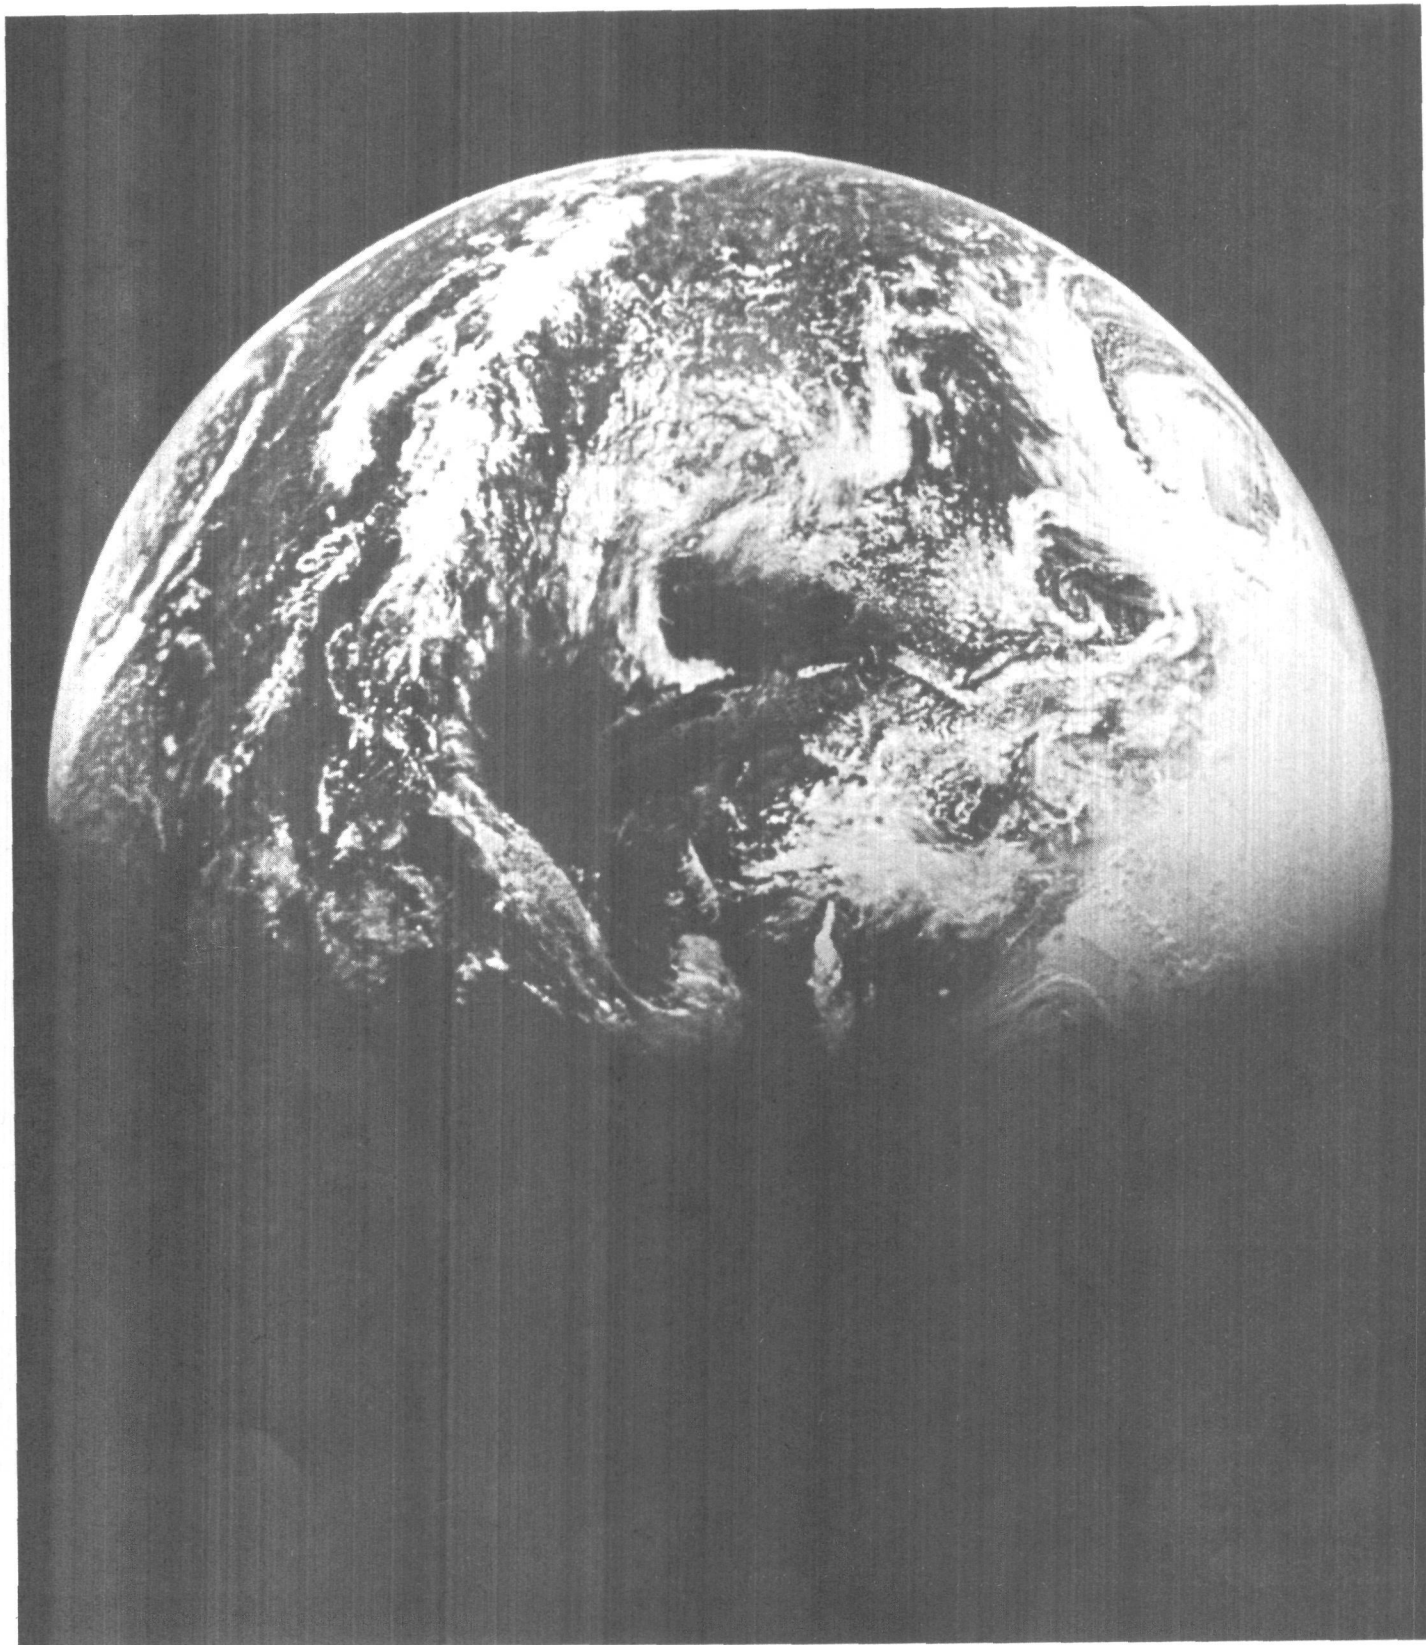

Where else can people go for answers? As Ron says, "Psychology is a discredited subject. Psychiatry even knows it has failed. Crime is tearing countries apart." The only ones who have the tech to achieve what mankind has been trying to solve for eons are trained Auditors, C/Ses and Supervisors.

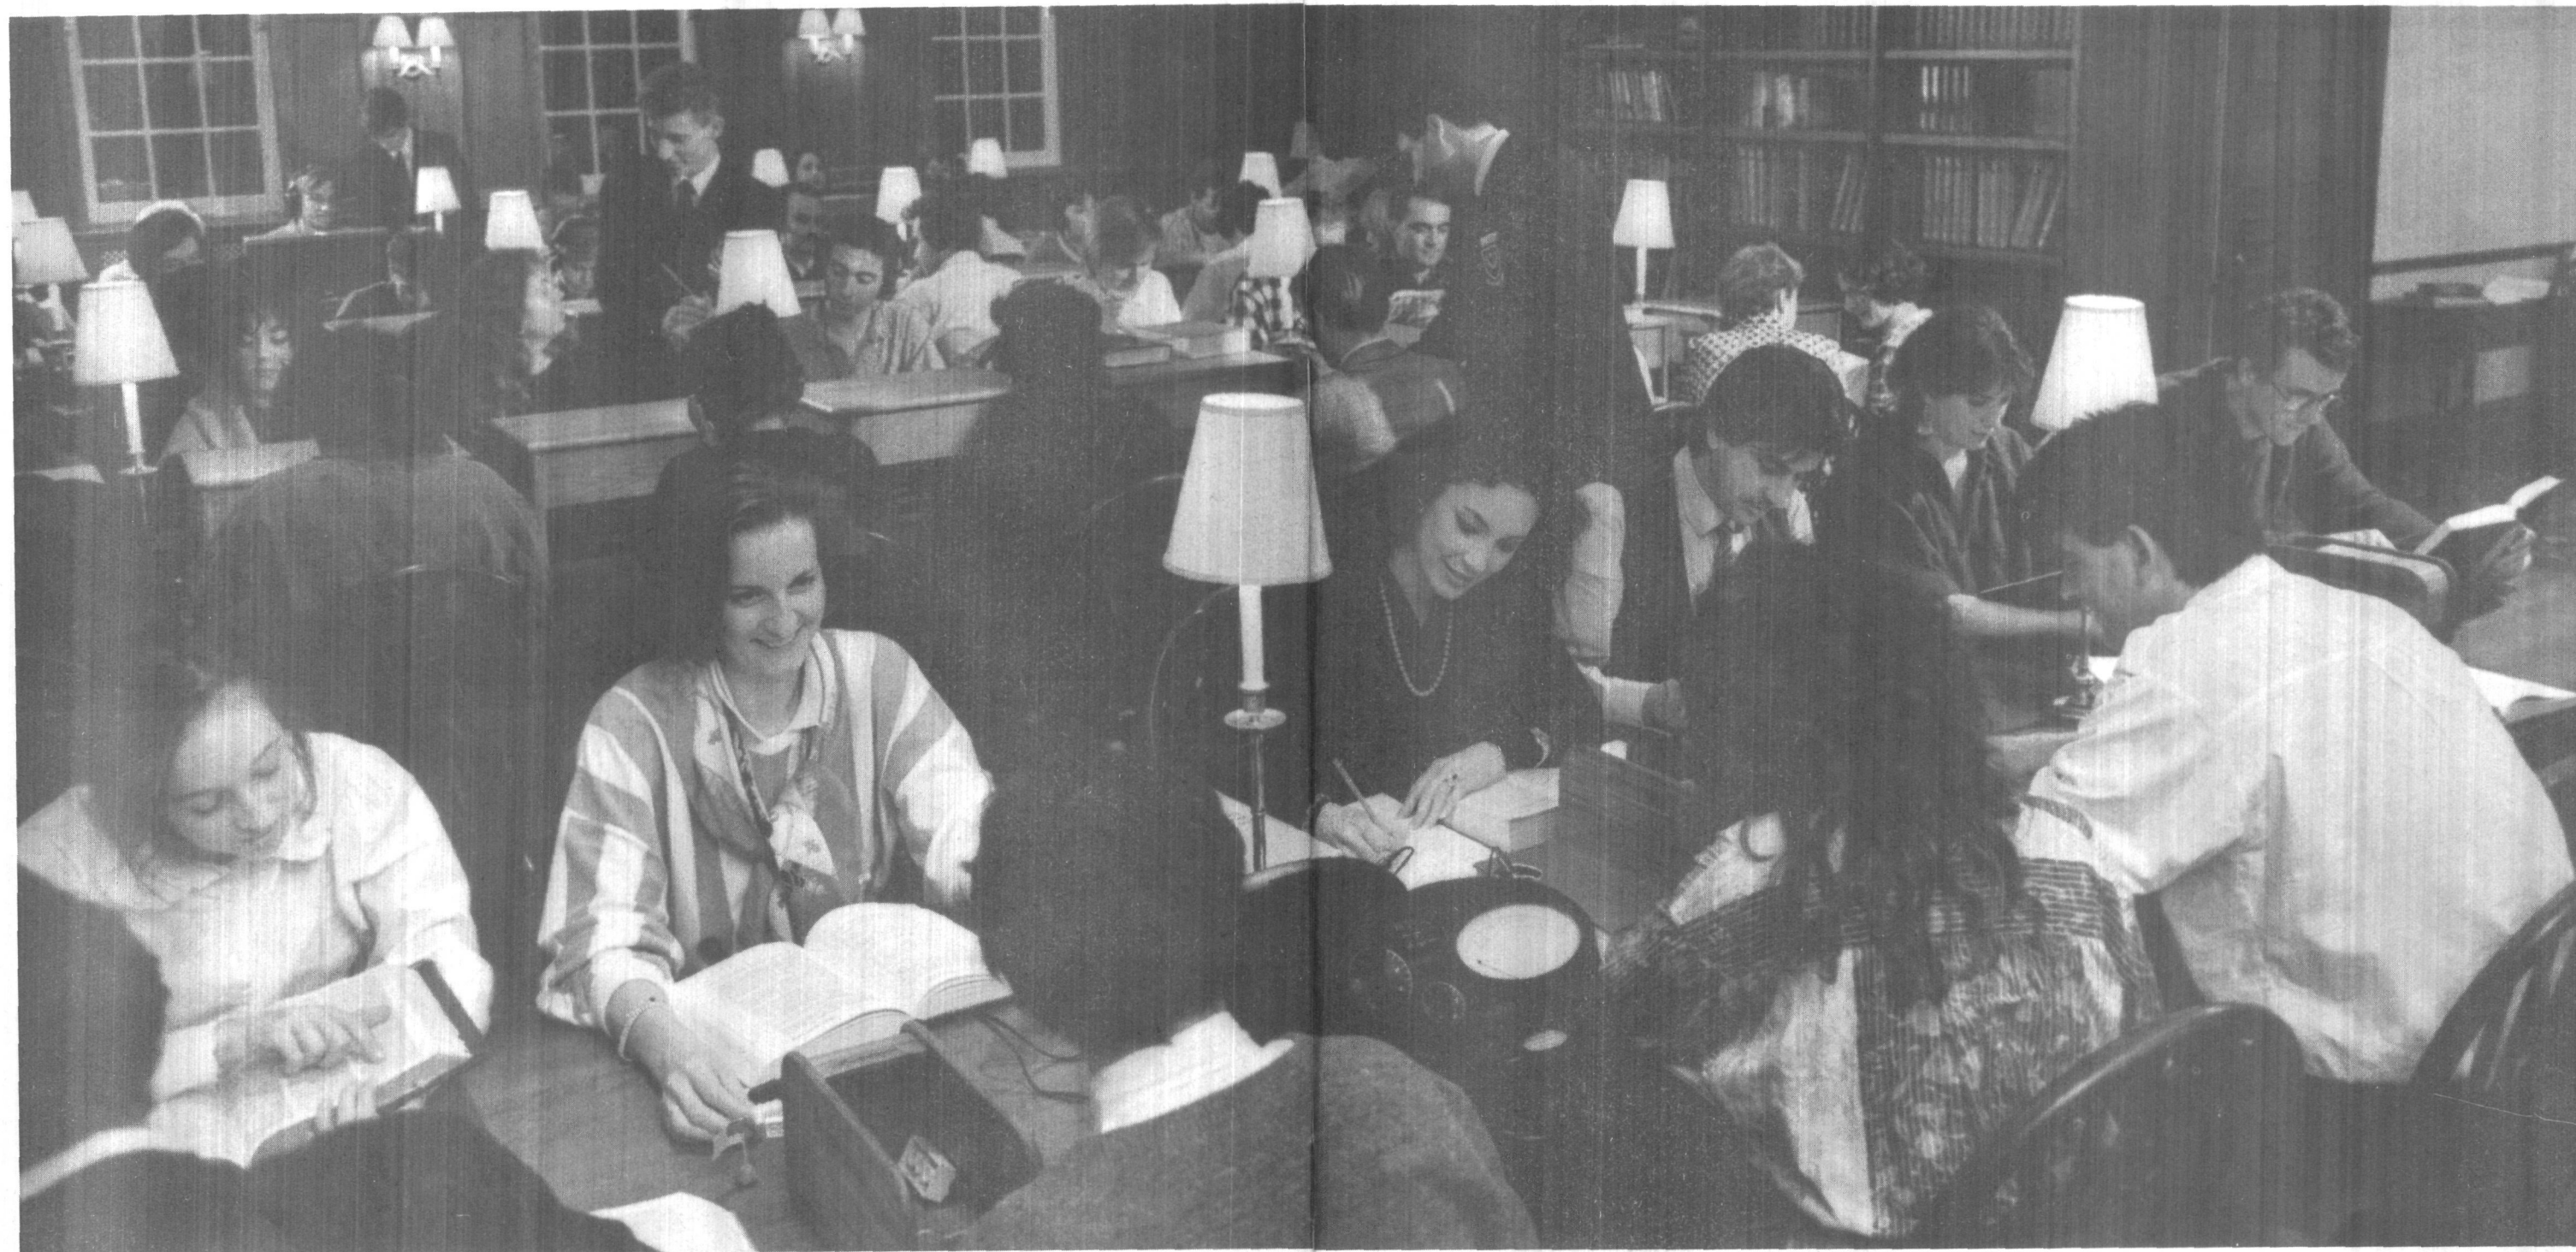

100,000 auditors is really just a start!  
Think how many millions we'll  
need to Clear this planet!

So don't wait. Come in to your  
local Church of Scientology and get  
started. Ron wants 100,000  
Auditors, and one of them is *you!*  
Just see the Registrar. Tell her "I  
want to be one of Ron's 100,000  
Auditors!"

100,000 Auditors? Where will we get them? Well, those 100,000 Auditors are *us*. You and me. It is up to us to create those 100,000 Auditors by *getting trained*, every one of us. Ron made the target easy for us by doubling the speed of

training. He did this by providing streamlined Academy checksheets; technical films that show exactly how standard tech is applied; and Academy cassettes produced with *Clearsound™* technology!
